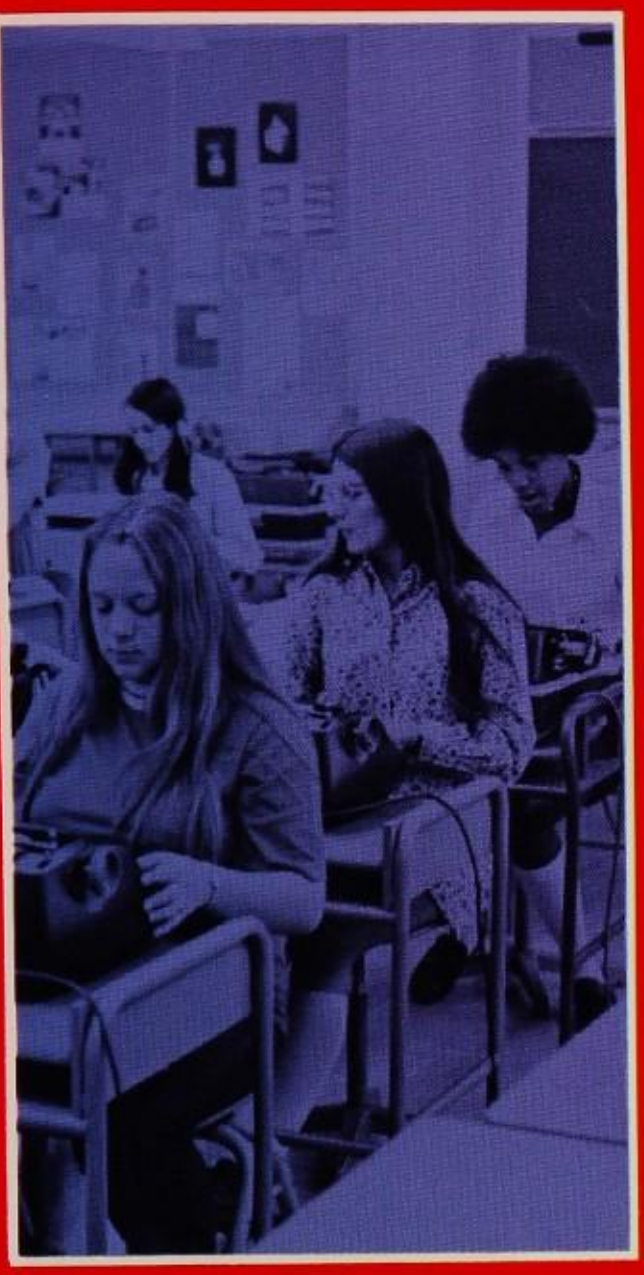
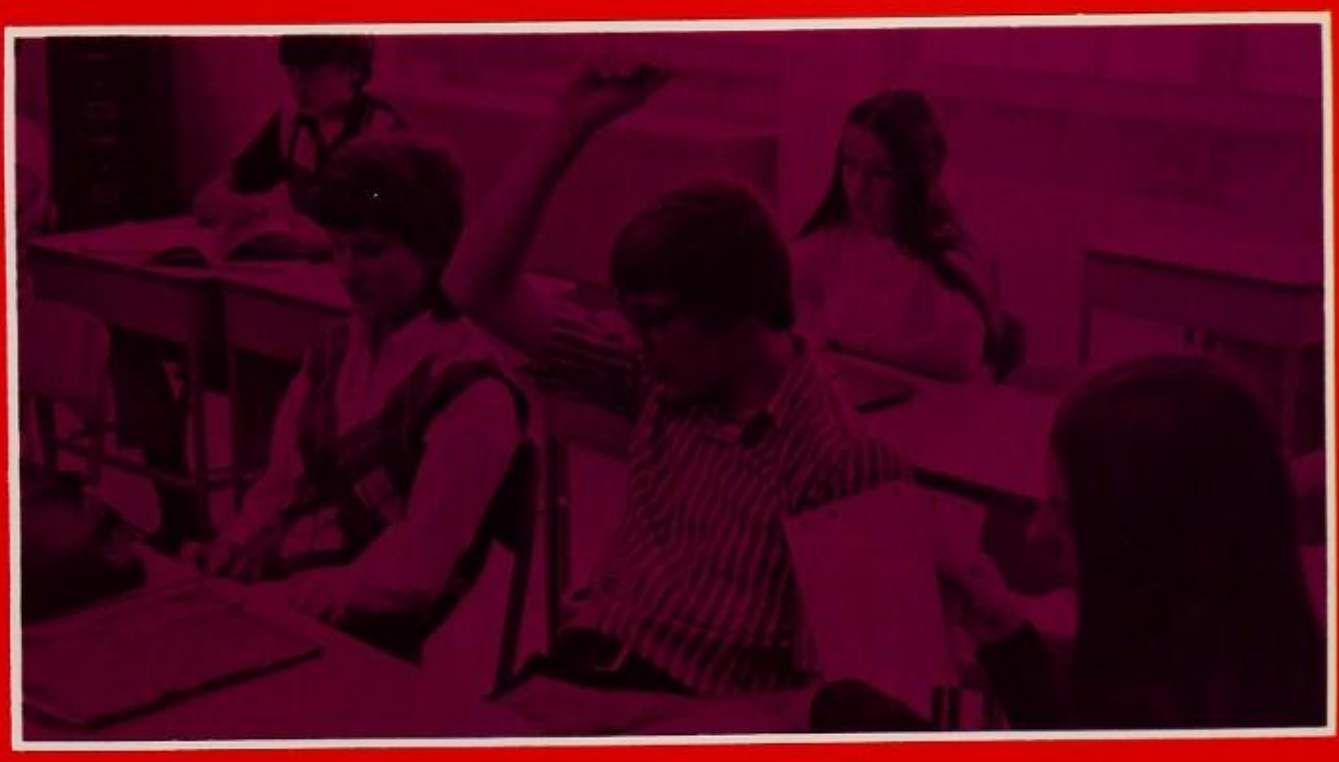
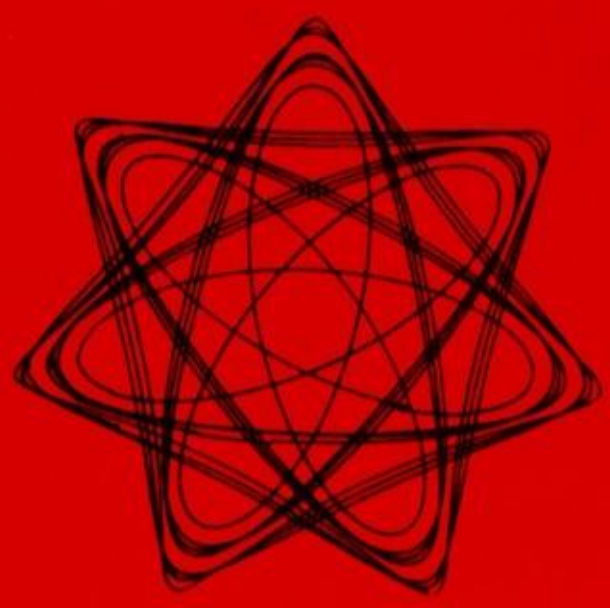
ACADEMICS



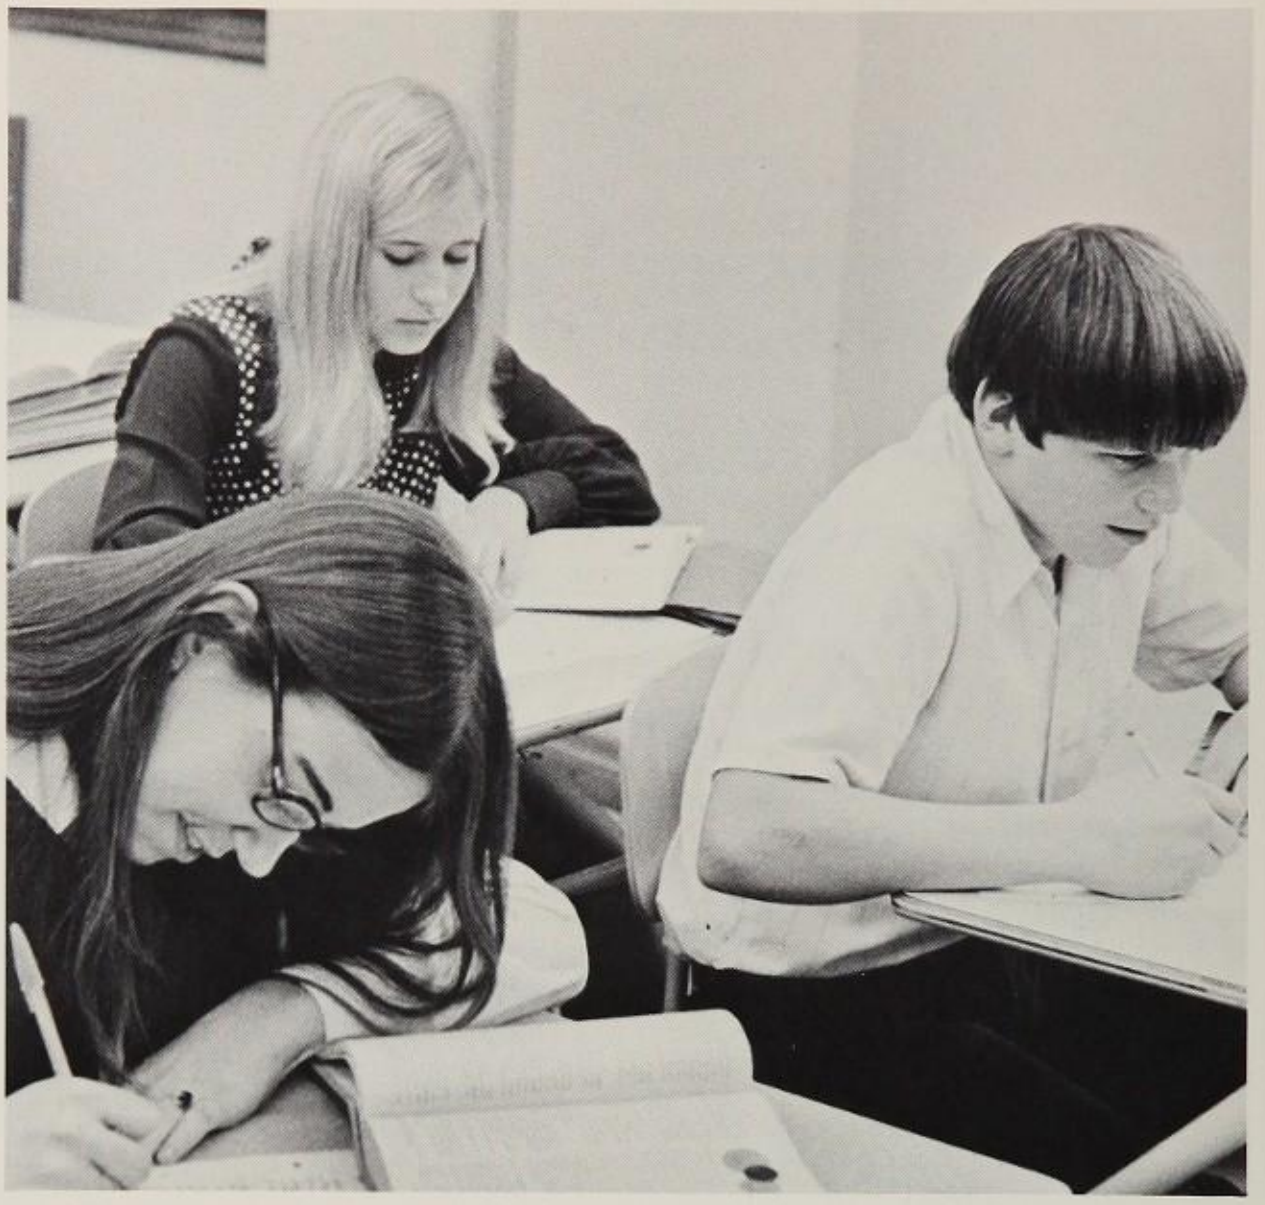


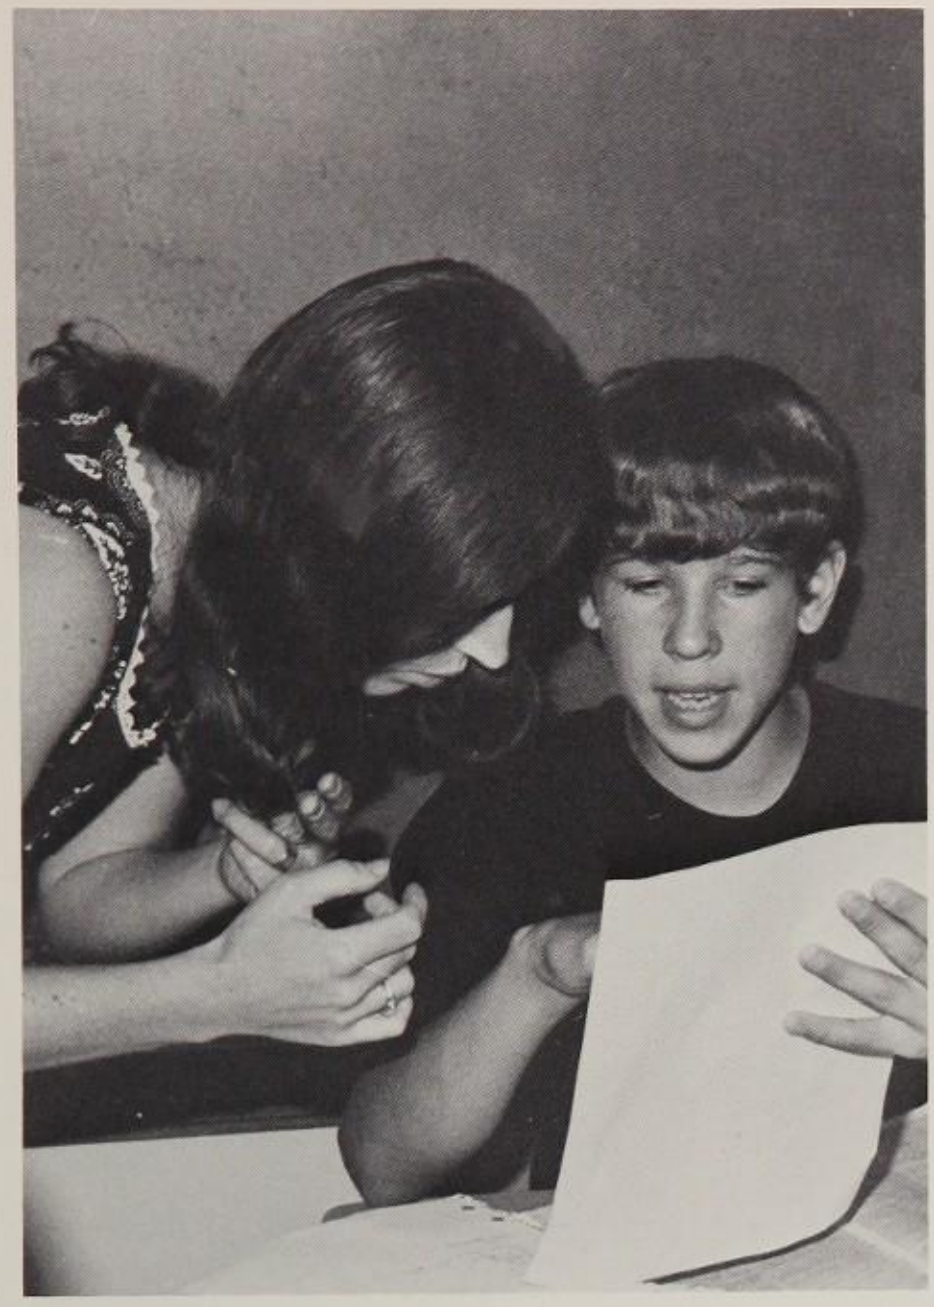
"There is always a new horizon for onward looking men, and although we dwell on a small planet, immersed in petty business and not enduring beyond a brief period of years, we are so constituted that our hopes are inaccessible, like stars and the term of hoping is prolonged until the term of life. To be truly happy is a question of how we begin and not of how we end, of what we want and not of what we have."

ROBERT LOUIS STEVENSON



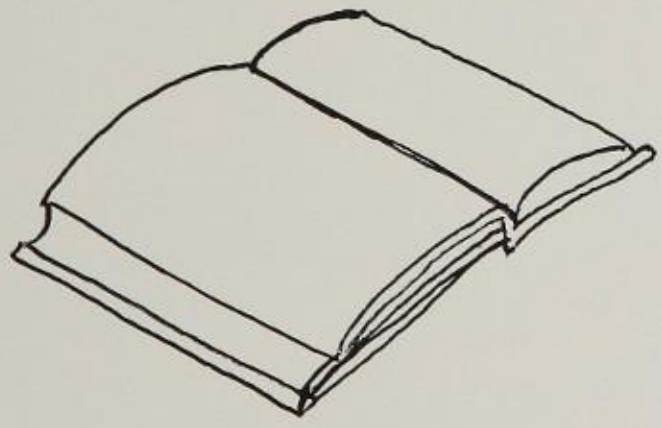
THE WORLD OPENS WITH ENGLISH

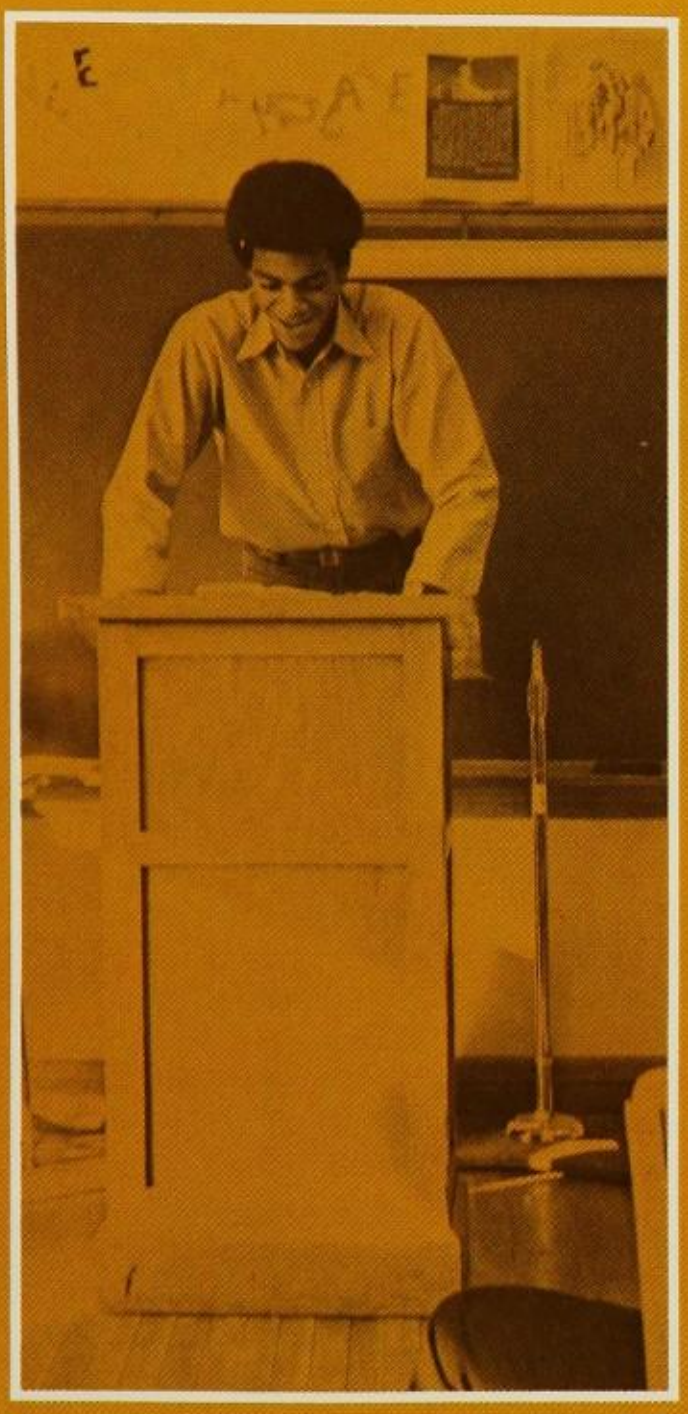




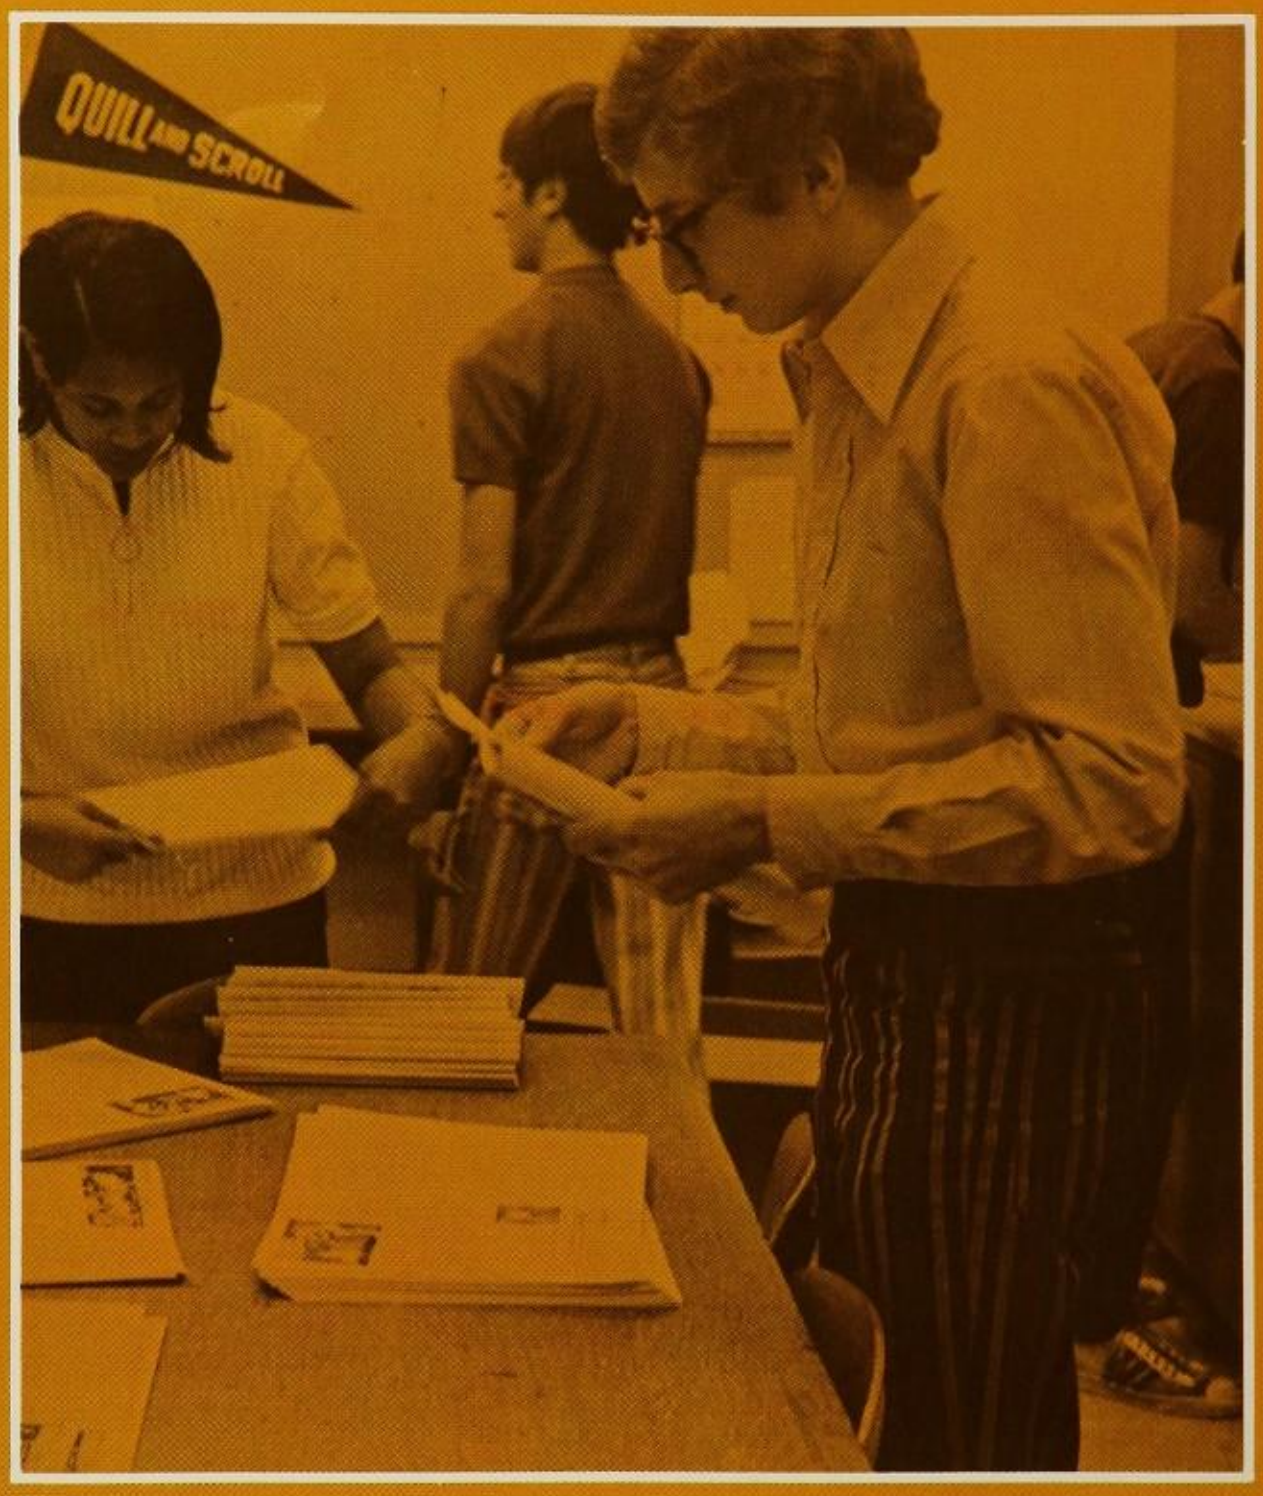
The English Department this year has offered a choice of mini-courses for sophomores and juniors. Like the kaleidoscope, it has been divided into different segments reflecting the parts of English as a whole. Some of the segments were Greek mythology, Composition, Shakespeare, and Journalism. What's Happening, another course, was presented as a study of current events and trends in media. Struggle for Justice and the Invisible Wall were studies of prejudices in America. The English Department also focused on the freshman with English 1 and college bound seniors with English 4.

UPPER LEFT: Freshmen Roxie Rans, Julie Walz, and Kenny Ulbricht work diligently to finish before the bell rings.
FAR LEFT: Mr. Black's "What's Happening" class seems to know what's happenin'.
LEFT: The Humanities class has Ferman Murphy lost in thought.
ABOVE: Freshman Eric Axelberg receives assistance from Mrs. Hojnacki on dictionary skills.
ABOVE RIGHT: Steve Dill and Jeanne Eaglen play King and Queen for the day in a Greek mythology play given by Mr. Wielgos's Senior English class.

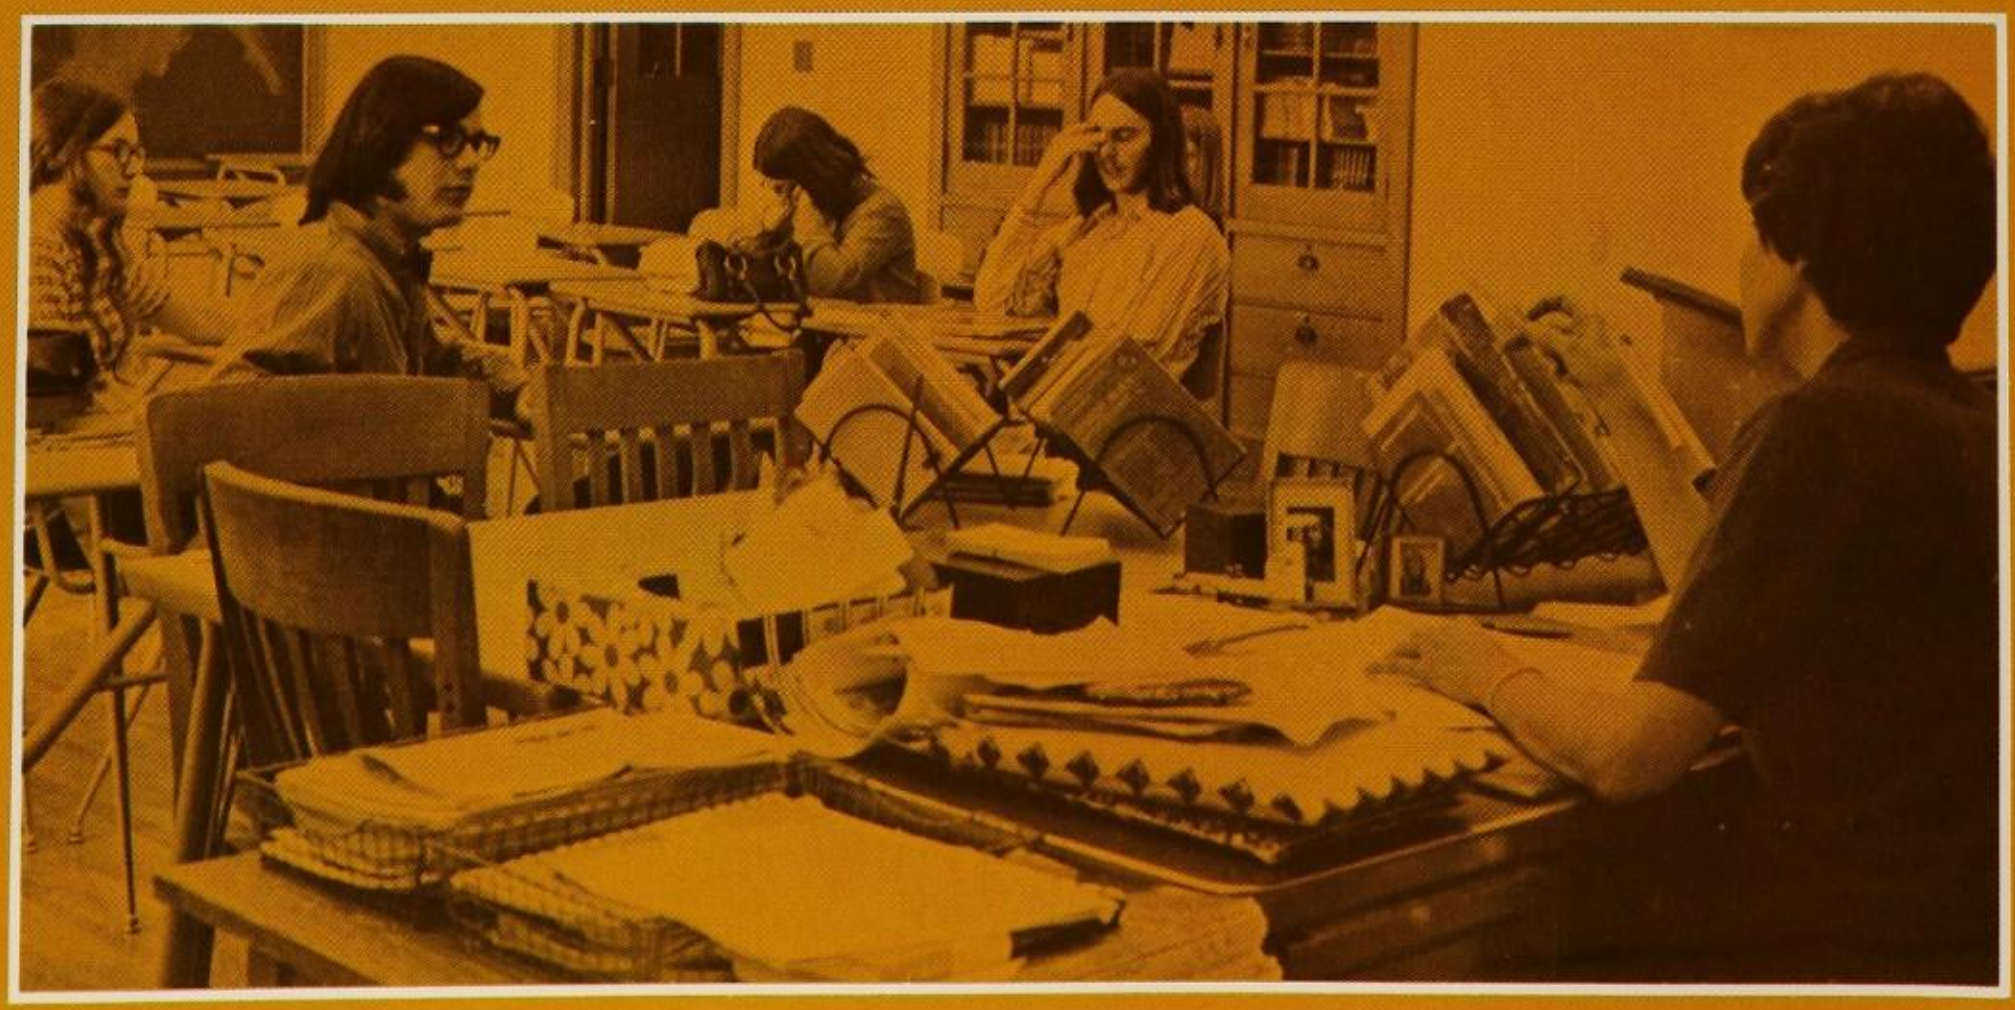




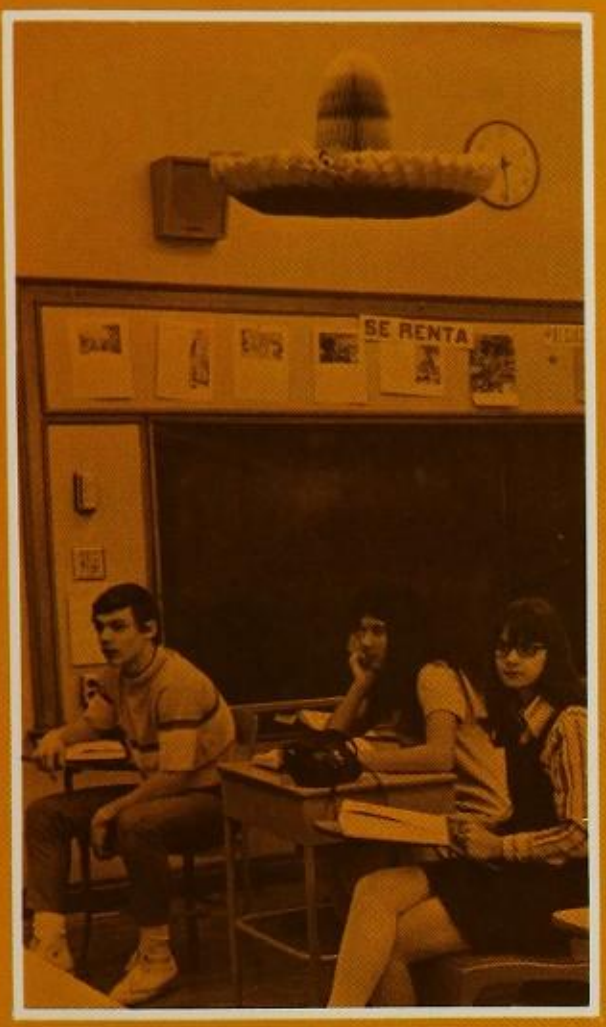
Ricky King enjoys his original oration as much as his fellow classmates.



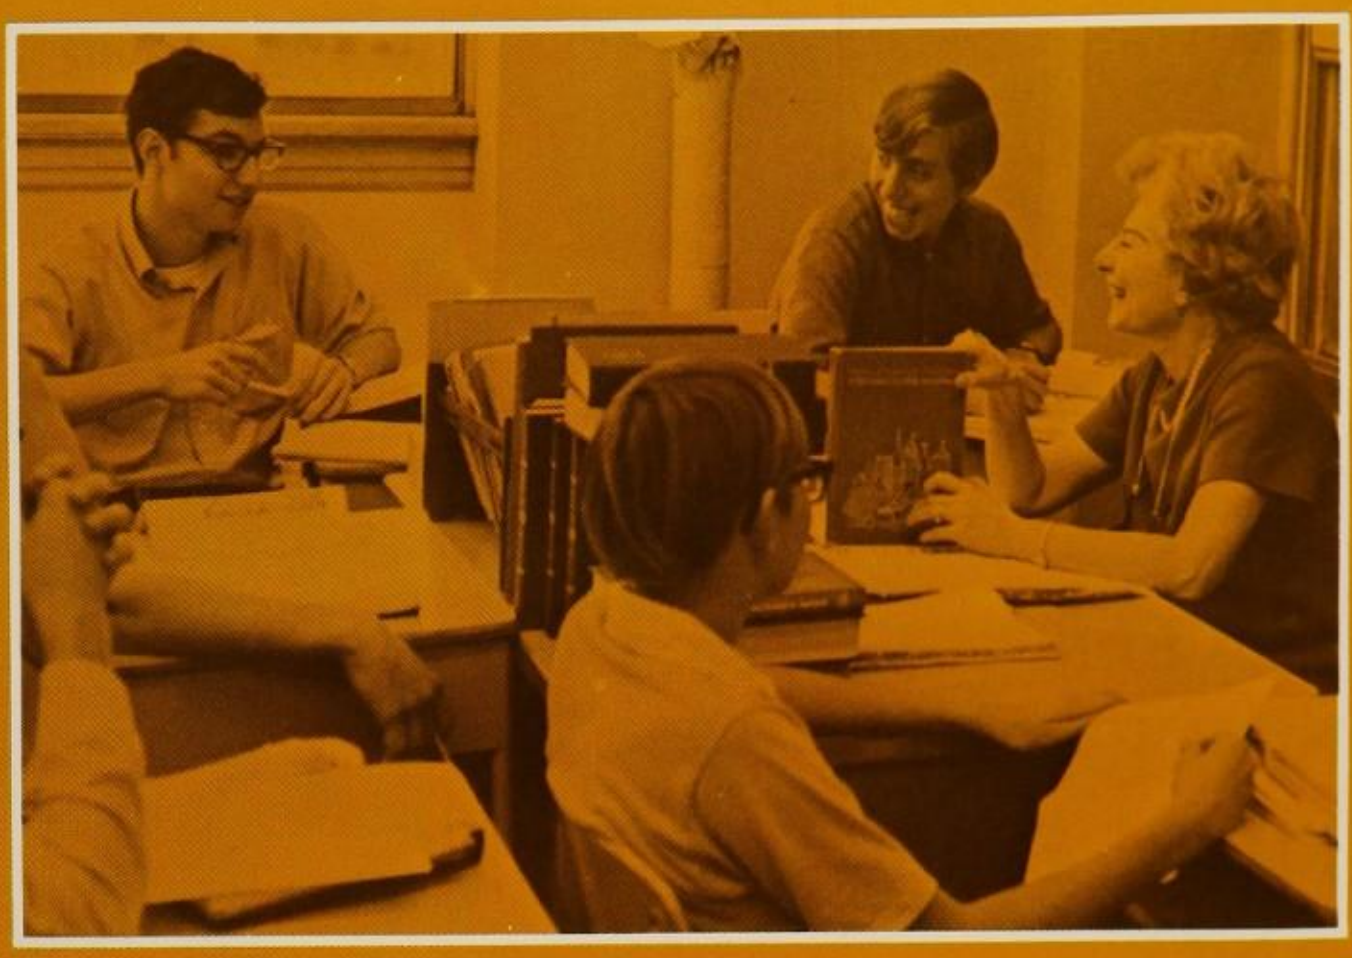
Students in journalism learn not only what to put in the paper, but also how to put the paper together.



Concentration, a vivid imagination, and a way with words are a big part of creative writing.



After siesta, the Spanish class is attentive and alert. Sitting under the sombrero are DuWayne Goshen, Anne Frietag, and Dodie Cote.



Frau Goldsmith enjoys a discussion in German with Jay Pollard as Gary Ellis and Alan DeCook look on.

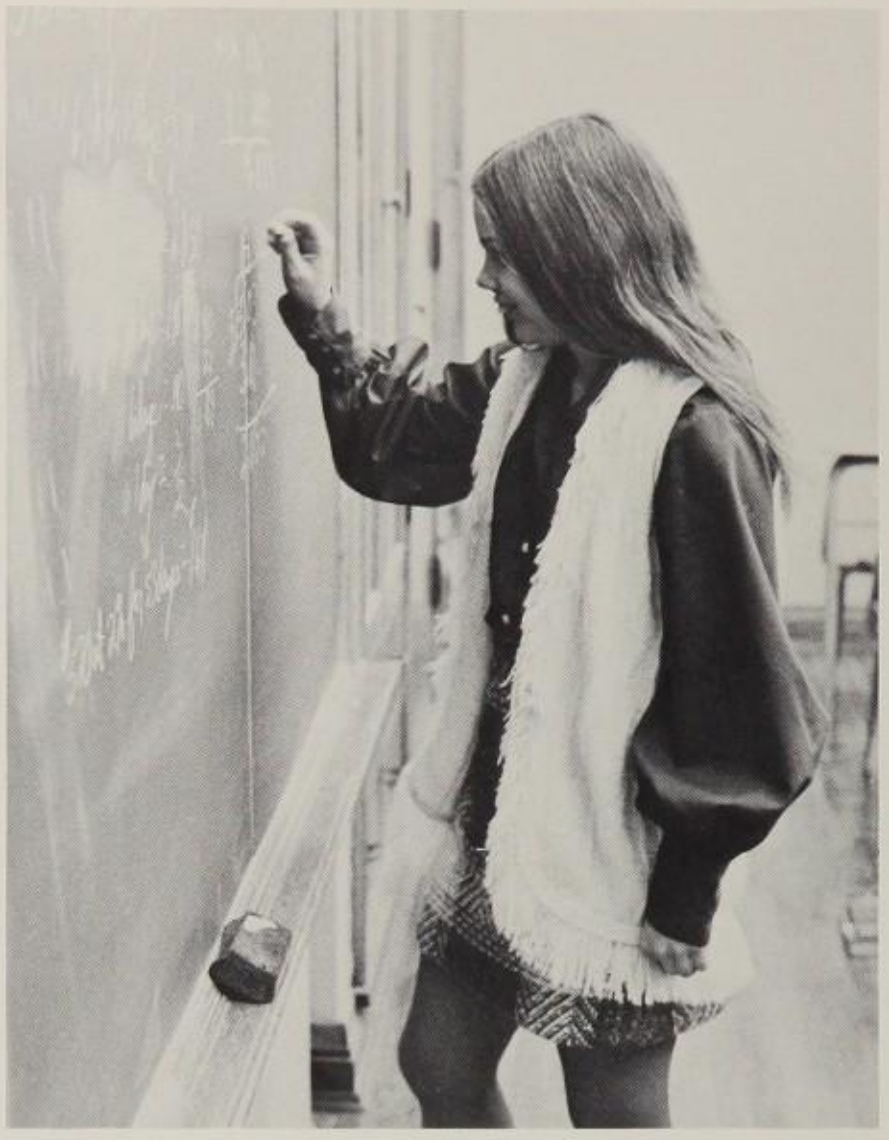
Communications Through Speaking and Writing

By studying and analyzing word origins, Johnnie Rhea discovers that many words in English were derived from Latin.

Speech, Journalism, and Creative Writing revolve around the expression of ideas openly in a world of communications. The need to associate with other cultures has been met at Riley with four foreign language courses, French, Spanish, German, and Latin.

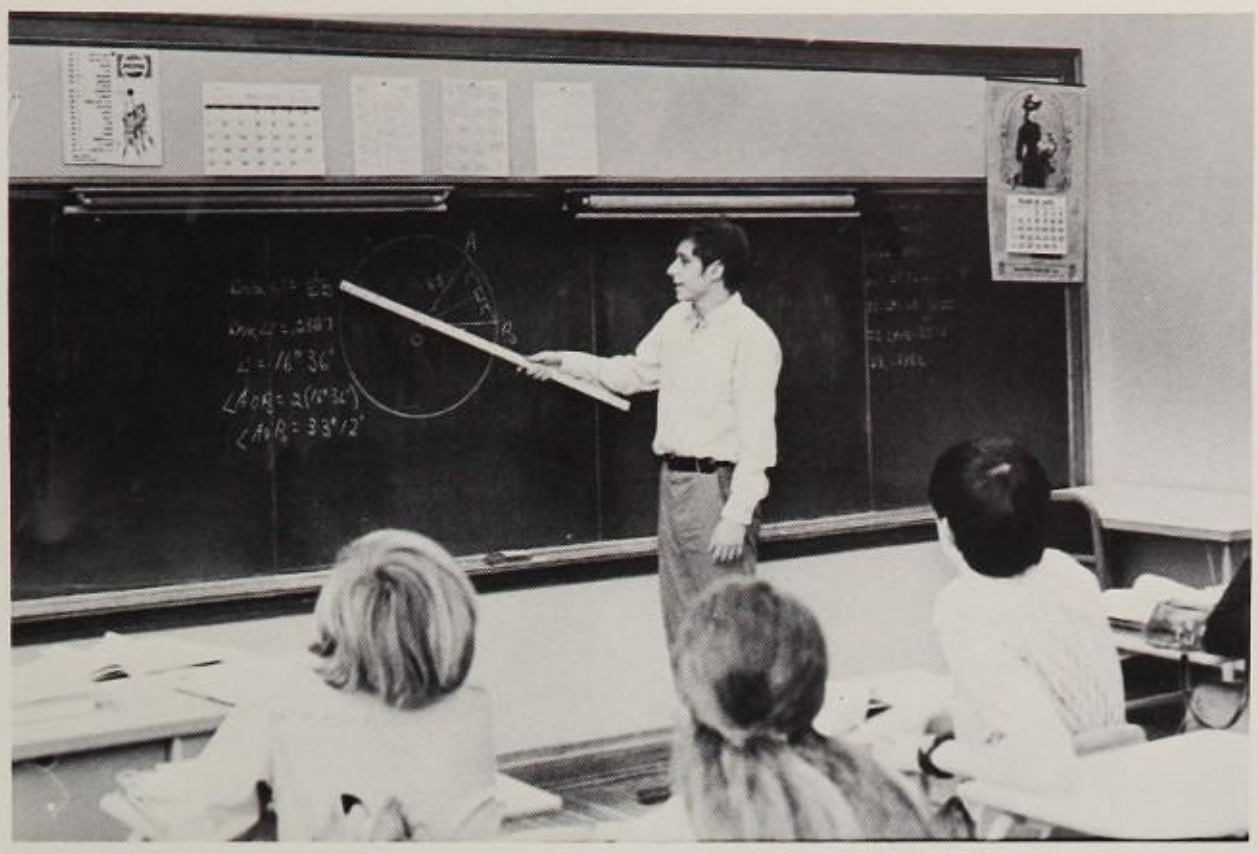
MATHEMATICS: NUMBERS, FIGURES, AND DIAGRAMS

The Mathematics Department at Riley has offered a variety of classes. The Algebra, High School Math, and Business Math courses have accumulated their share of freshmen. Geometry and its shapes have given students the perspective needed in math. Algebra-Trig, Analytic Geometry, and Calculus were also offered to students who wished advanced instruction.



It seems to be Lisa Paksi's turn at the blackboard in Business Math Class.

Trying to get her assignment finished so she will not have any homework is Pam Thomas.



Gerald Anders demonstrates his ability to explain tangents and co-tangents in the circle during Algebra-Trig class.

Ted Lerman seems to find some humor even in Geometry Class.

Mr. Penny explains the principles of Algebra to his freshmen.

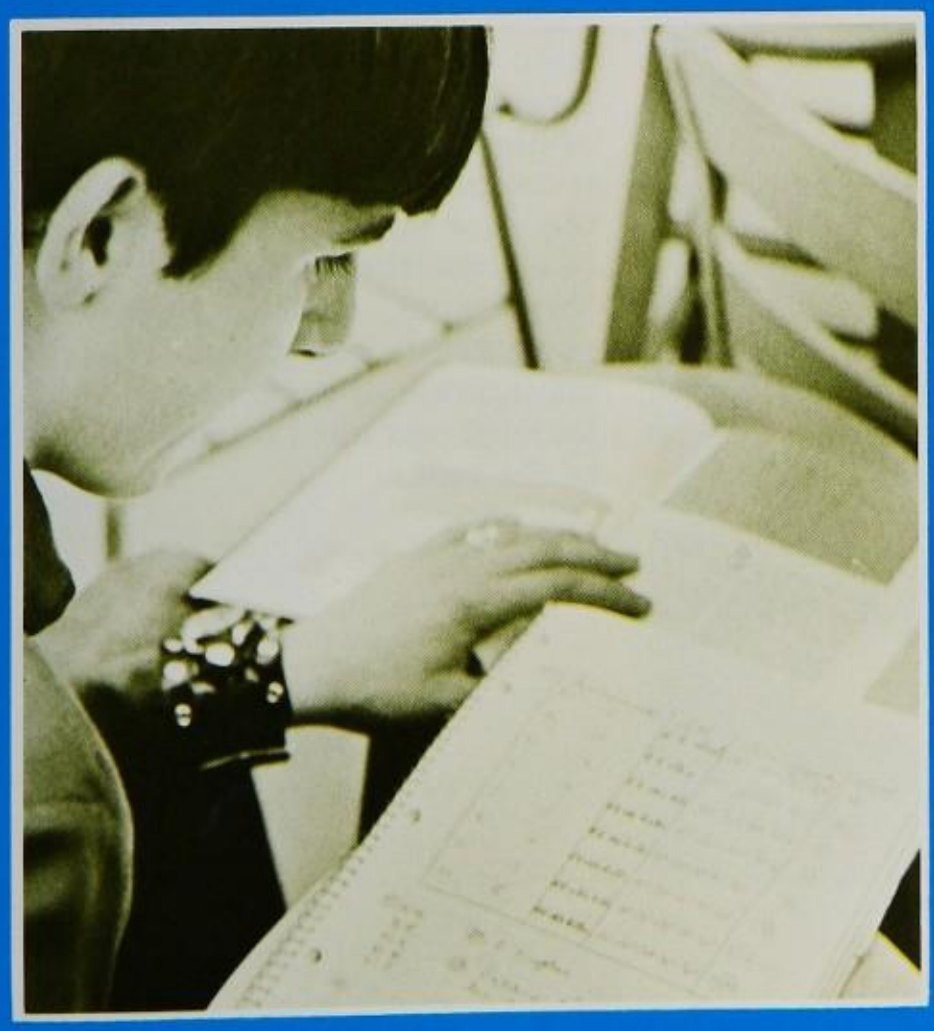
The making of a surgeon. With the help of disecting equipment, Mary Donahue and Anna Kapsalis carefully analyze the muscles of a fetal pig.

SCIENCE: An Image Of Life

Intrigued by the anatomy of animals, the biology class toured the Gentner Packing House. They were guided through the plant by Mr. William Hamilton.

The physical science, biology, chemistry, and physics classes this year have focused their attentions on new experiences. The biology classes toured a variety of science-contained buildings, built models of molecules, and observed the formation of baby chicks. The chemistry classes learned the elements necessary to our survival, experimented with them, and built models of atoms. All the classes learned with the help of laboratory experiences.

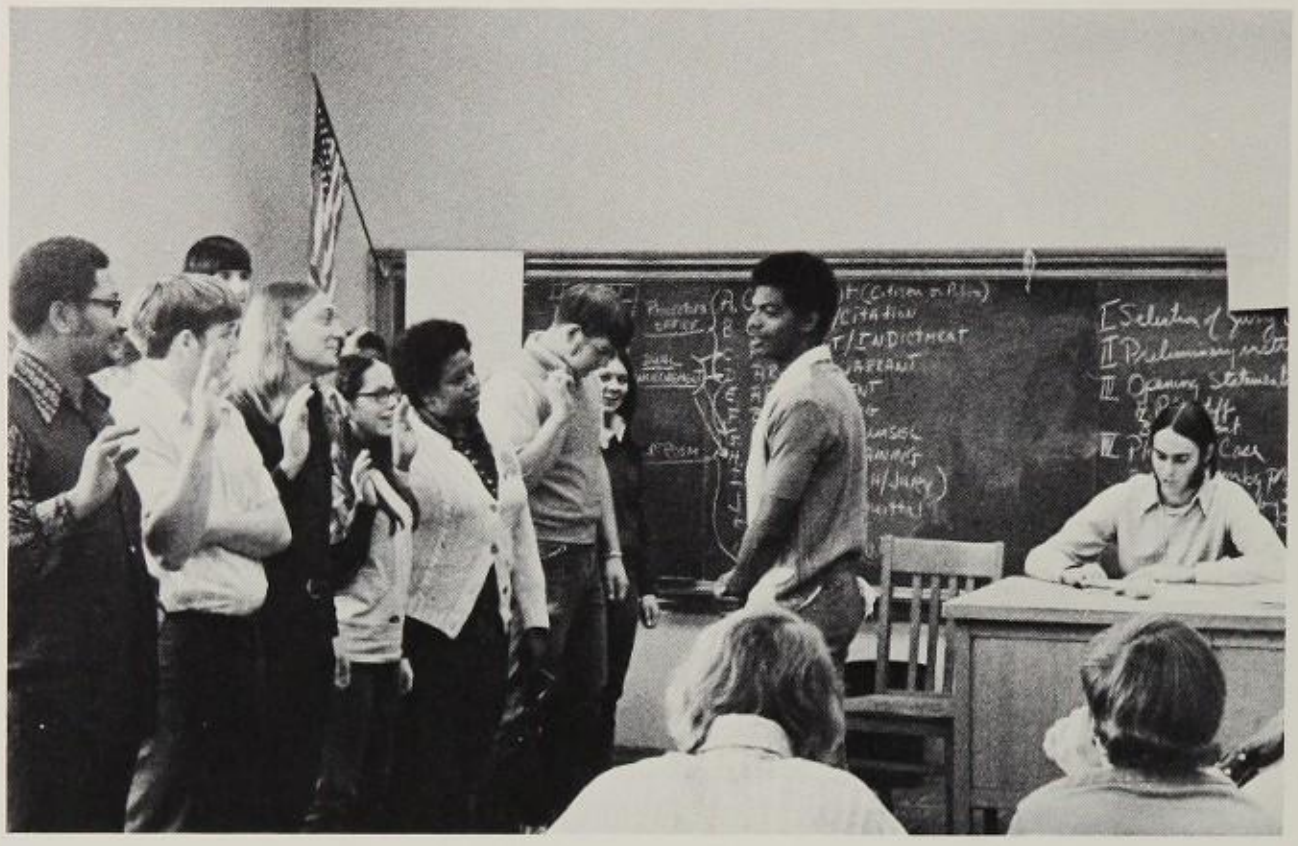
Sue Snyder examines the temperature of the water while making crystals in chemistry. Under the supervision of Mr. Felix Wiatrowski, she attempted to form crystals, each a different color of the spectrum.



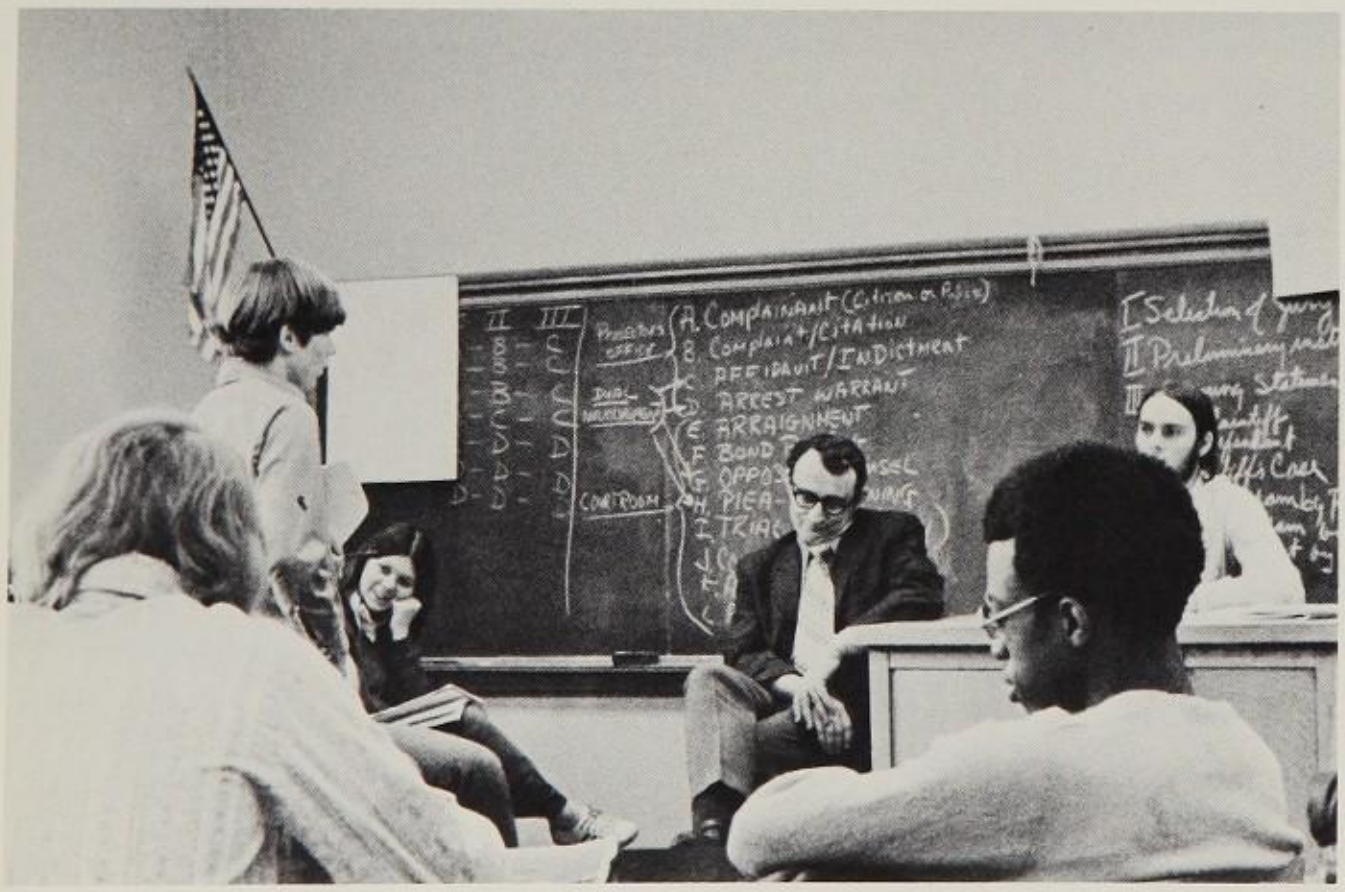
Studying the electron configuration of atoms, Chris Kaehr makes a chart of each element.

The slide rule, an important instrument used in mathematics and science, aids Sue Thilman and Beth Whippo to calculate mass and volume in chemistry.

Contemporary Society



The jury finds it entertaining to be sworn in by "bailiff" Henry Chatman in the Mike Buirse trial. Judge Bruce Morrow reviews his procedures while the defense attorneys Kim Kushto and Jeff Knepper observe.



As the defending attorney, Jeff Knepper attempts to get "Narcotics Officer" Doug Simpson to retract his statements made previously. Defendant Mike Buirse appears to be concerned over his fate.

In the senior social studies class, many projects have been successfully enjoyed. Escaping from the monotony of classroom lectures, projects have taken place during the year such as the writing of a Constitution, a mock legislature, a mock courtroom trial, and skits. The application of terms was learned and used during all of the units.

WORLD GEOGRAPHY

Working independently on reports and maps during the lecture are the boys in world geography class.

Toni Paulk and Jim Bogucki are thinking of some questions to stump their world geography teacher.

The boys' swim team joins the girls' swim class in a game of water polo.

Health for the Body . . .

Girls in physical education jump with joy when gymnastics are introduced.

Health for the mind

It looks as if Les Farkas hasn't learned that putting his hands in his mouth is unhealthy.

Gary Campbell listens attentively to the lecture on drugs, tobacco, and alcohol.

The health classes studied the human body . . . functions, bones, muscles, and organs along with first aid and safety. The physical education classes developed physical fitness by playing basketball, softball, tennis, gymnastics and many others.

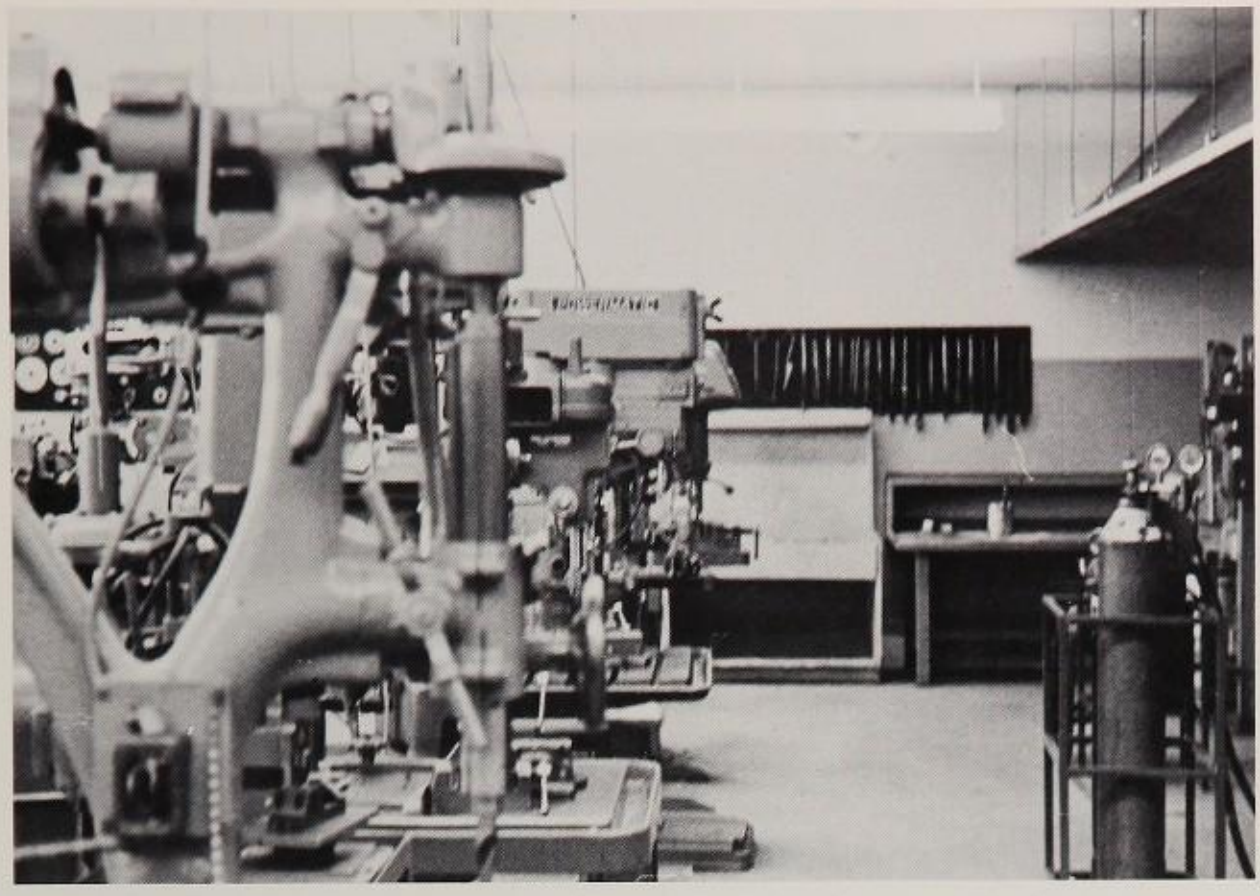
FOUNDATIONS FOR THE FUTURE

Enjoying the rewards of the foods class are Sheila Allen, Rene Kennedy, and Jeanne Waters.

Darlene Carter smiles at the thought of completing her enjoyable project.

Cutting, basting, and stitching seem to be the steps for clothing. LEFT TO RIGHT are Vicki Markson, Sue Jackson and Mary Beth Wensits.

Kathy Stauffer and Jon Phillips discuss the fundamentals of family living while Terry Young and Tom Ginter work independently.



Contrasting the noise of the operating power mechanics class to the quiet of the idle machines, this empty room reflects the solitude of the classroom.

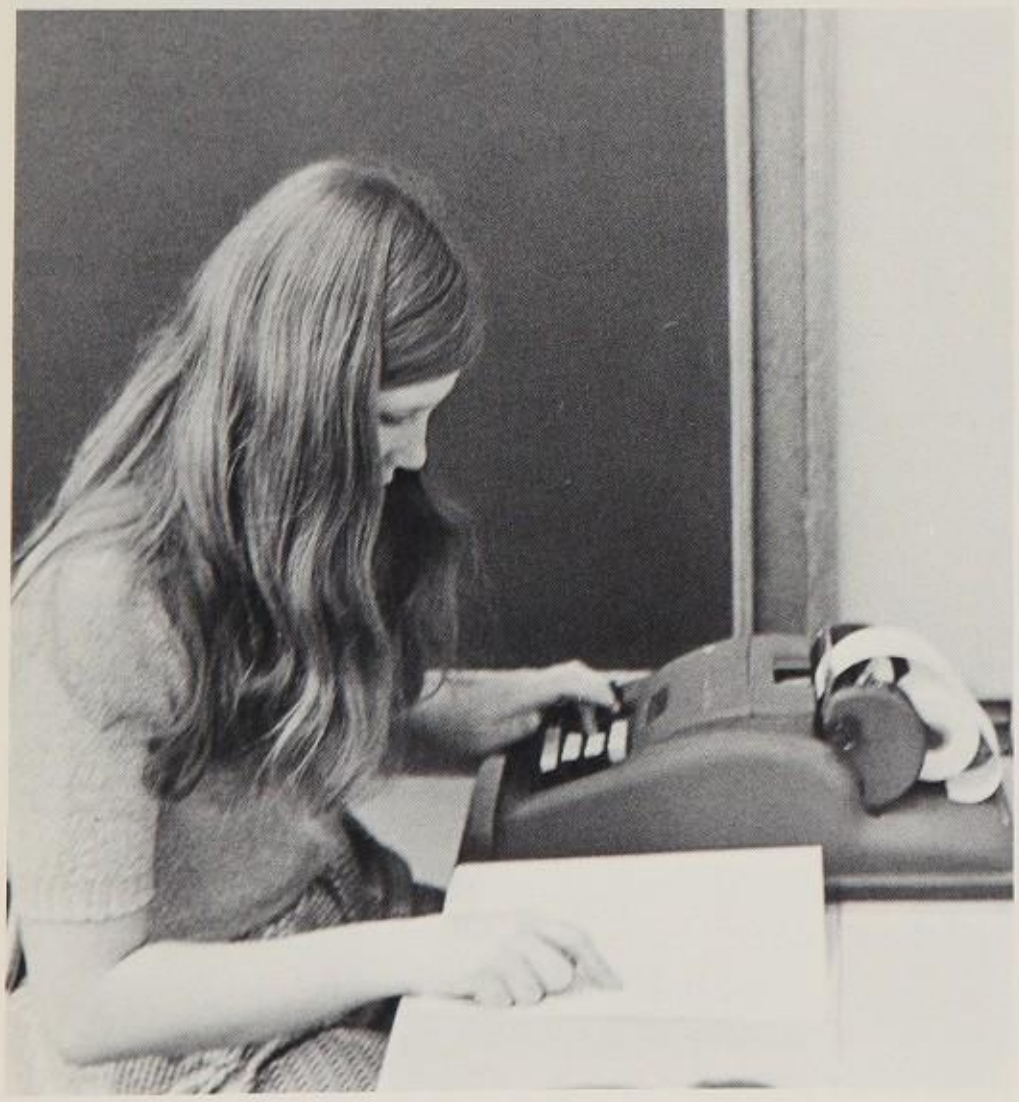
The process of drawing two dimensional figures, Jim Swintal demonstrates, requires concentration as Jim shows in drafting class.

Kevin Kidder is so involved with his work in wood shop class that he doesn't notice the photographer.

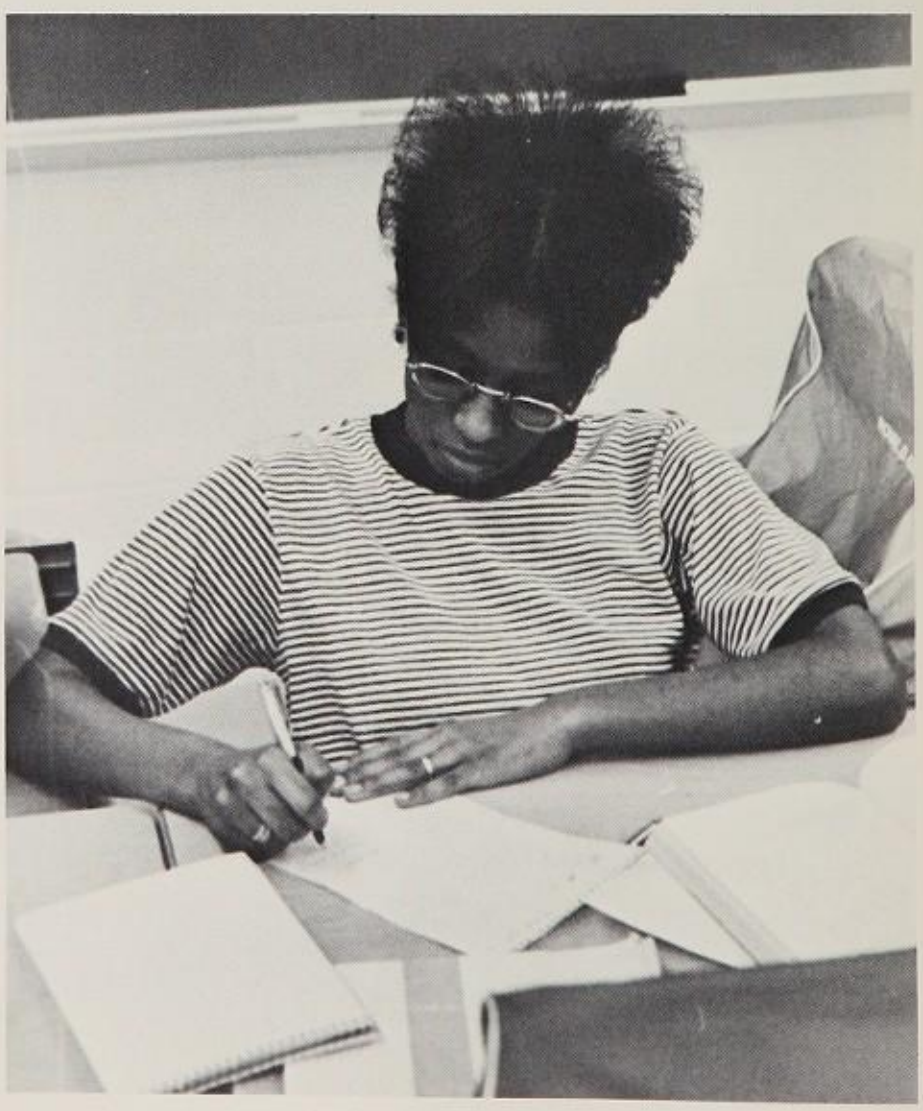
BUSINESS

Future secretaries, Mary Bottorff and Vanessa Clay.

In deep concentration is Charlene Pietraszewski, trying her hand at various journals in accounting class.



Knowing how to use an adding machine is a big help for Roberta Shupert when she has to work on a budget.



Elizabeth Taylor finds it time saving to use shorthand symbols in place of words.

WORKING WHILE LEARNING

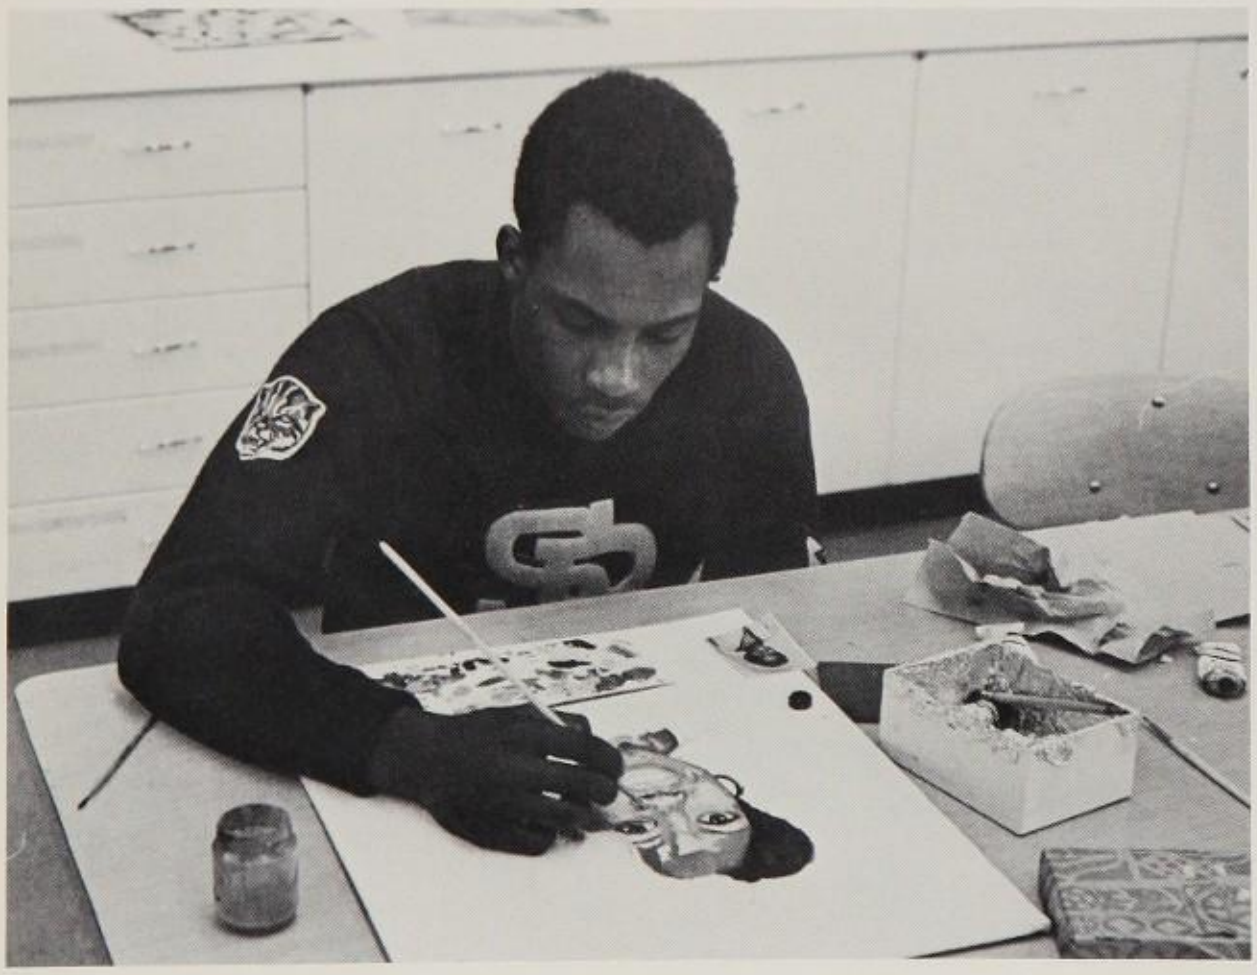
The Co-op officers discuss their jobs with Miss Wisler. (LEFT TO RIGHT): Miss Wisler, Kitty Hall, Linda Zimmer, Joanne Prosicki, Geri Jaskowiak, Charmaine Varga, and Margie Castro.

Industrial Co-operative Training (ICT), Co-operative Education (COE), and Distributive Education (DE) work jointly with the local businesses to employ and teach students who wish to go into that field. ICT deals with the training of medical persons, printers, etc. COE members are future secretaries. All of the COE members have typing skills as well as other business abilities. The DE members plan to adopt marketing and sales as their future fields.

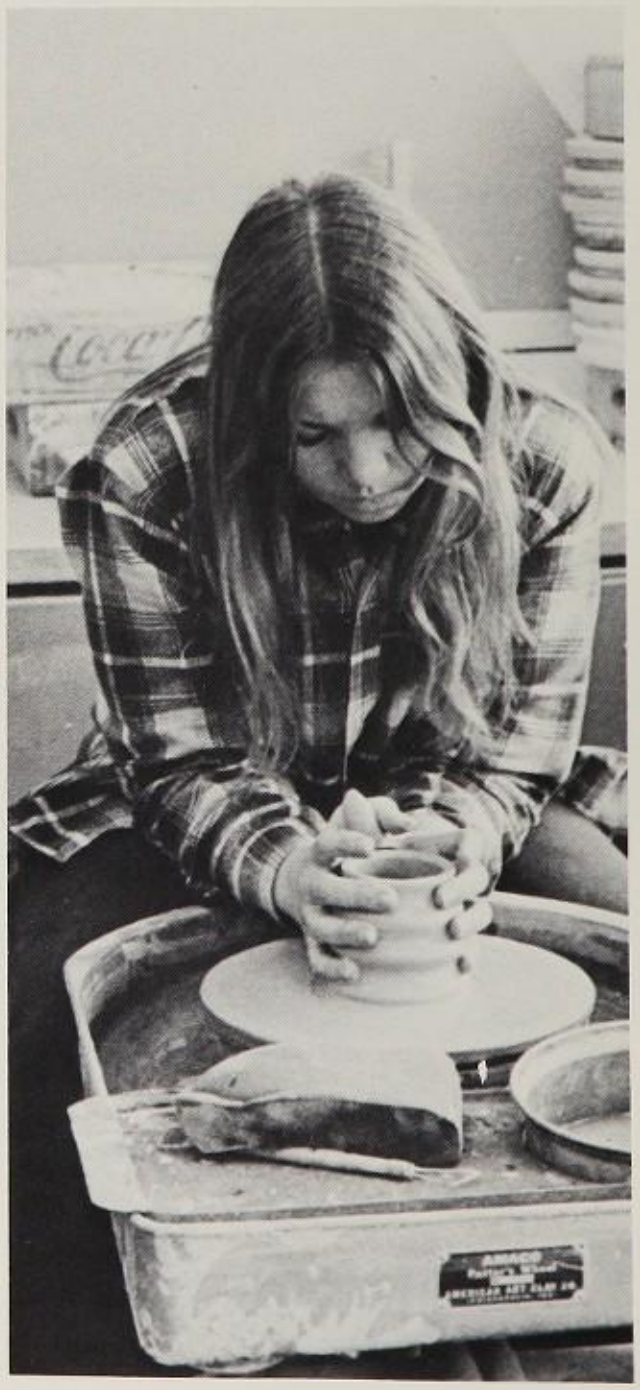
The ICT officers took time before their jobs to pose for a picture. FIRST ROW: Gail Moody, Debbie Ritter. SECOND ROW: Tim Gillen, Ledena Layton, and John Viehe. THIRD ROW: Lyn Lively, Terry Miller.

CREATIVE MINDS FORM THE IMAGES OF ART

Judy Giszewski shows her talent and patience as she carefully hammers away on her creation.



Leroy Jones demonstrates his ability to paint from a photograph. Using a wide array of colors, he places the paints on the canvas.



Marlene Creech demonstrates the art of throwing a pot on the potter's wheel, a first step in ceramics.

PRE-VOCATIONAL EDUCATION

Nancy Kletka prepares herself for secretarial work by practicing on the typewriter.

John Malone is developing his typing speed.

Carefully calculating the addition of a problem is Geraldine Cunningham.

PROJECTING SOUNDS AS WELL AS SIGHTS . . . MUSIC

Lynn Goldberg concentrates on the blending of music as she produces the expected sounds.

Melody Robinson and Valerie Wilson harmonize with the music and reflect the enjoyment of singing.

Early morning glee club fills Riley with a sound of music.

Allen Warner, Paul Kwiecinski, and Bill Wenger keep the orchestra in time with the swift, strong beat of the bass.

The Glee Club, Band, and Orchestra have provided for Riley entertainment and enjoyment at concerts, games, and pep assemblies. The talented musicians at RHS have displayed a quality of music pleasing to the ear and eye. Many of these students have won contests, ribbons, and medals for their ability and have brought musical recognition for Riley.

The band practices on chilly mornings to make the half-time shows of our football games more exciting.

THE PEP BAND, BOTTOM ROW, L. TO R: Tony Kambol, Terry Dudek, Jim McCombs, Bob Bird, and Bob Glisinski. TOP ROW: Chuck Grover, Chris Kaehr, Marlin Sheffield, and Jeff Cummings.

CLUBS

'Desire and curiosity are the two eyes through which he (man) sees the world in the most enchanted colors; it is that they make women beautiful or fossils interesting and the man may squander his estate and come to beggary, but if he keeps these two amulets he is still rich in the possibilities of pleasure."

The Riley-Jackson Bowling League has made it through another big year. Bowling at 8:30 A.M. on Saturday mornings has been fun for over sixty Riley students, as well as for Mr. & Mrs. Charles Stewart, who sponsor the league at Chippewa Lanes. In late December, the club participated in an amusing pep assembly to promote school spirit. Another big event was "spirit week" during which school halls were "sold" for the purpose of display and decoration. This club has helped Riley by showing leadership and spirit.

Student Life

"We were talking about the love we all could share-when we find it
To try our best to hold it there with our love
With our love-we could save the world if they only knew,
Try to realize it's all within yourself no-one else can make you change
And to see you're really only very small,
And life flows on within you and without you
We were talking about the love that's gone so cold and the people,
Who gain the world and lose their soul they don't know-they can't see-are you one of them?
When you've seen beyond yourself then you may find, peace of mind, is waiting there
And the time will come when you see we're all one and life flows on within you and without you."

BY COOPERATING

ABOVE: Varsity cheerleaders are on their way to cheer the team to victory. LEFT TO RIGHT: Jenny Cozzi, Cindy Szucs, Mary Lou Freitag, Diane Howell, Debbie Ritter, and Cheryl Poole.
RIGHT: B-Team cheerleaders show their style. LEFT TO RIGHT FROM TOP ARE: Pam Gay, Diane Chambliss, Gail Kajzer, Marcie Kamp, Val Medich, and Pam Jenkins.

LIKE A TEAM

No Barb Nagy, this isn't the real Riley Wildcat.

THIS is the Riley Wildcat!

The cheerleaders have been an important element in school spirit at Riley. In past years, however, there has been no visible mascot. This year, thanks to the graduating class of 1971, Riley became the proud owner of a wildcat uniform which has helped to build enthusiasm. Marla Farrar was chosen to be the official mascot at games and pep assemblies. When Marla could not attend the Wildcat functions, two other spirited seniors, Jon Viehe and Judy Metz, "wildcatted."

TAKING DISAPPOINTMENTS IN STRIDE:

Counter Clockwise from below: As a varsity cheerleader, Cindy Szucs knows that her enthusiasm helps to build school spirit.
B-Team cheerleader Gail Kajzer is an example of confidence and determination, two characteristics a cheerleader needs.
Along with the others, varsity cheerleader Jenny Cozzi must sometimes contend with a spiritless crowd.

These ten girls, as freshman cheerleaders, worked hard to coordinate their skills and abilities to successfully cheer their team to victory. Showing off their determination are, LEFT TO RIGHT FROM TOP: Kim Rowley, Mary Zultanski, Nancy Kurlowicz, Sherry Brazier, Julie Walz, Beth Morrow, Mary Cramer, Gloria Ellis, Mary Beth Wensits, and Ann Meersman.

BUT THERE ARE ALWAYS THOSE GOOD TIMES

All for Riley stand up and yell!

Are Sonya Williams and Margo Harvey really joining the basketball team? No, just participating in a pep assembly.

Margo Harvey, Kris Murphy, Sheila Allen, and Pam Davis take time out to formulate a plan of attack.

Students show that they care by supporting their team at away games.

TO REMEMBER,

BLACK HISTORY WEEK

A group called Kuumba, meaning creativity in Swahili, performed during Black History Week, expressing themselves through the use of drums, poems, songs, and dance. Pictured here are the Liberation Singers, a part of the Kuumba group.

Donita Chambliss, Kathye Waters, Kenny West, Shelia Allen, Janice Horton, Kathy Ewing, and Renee Kennedy admire the paintings done by Riley freshman, Matt Rucker, for the Black History displays.

A member of the Kuumba group recites a poem.

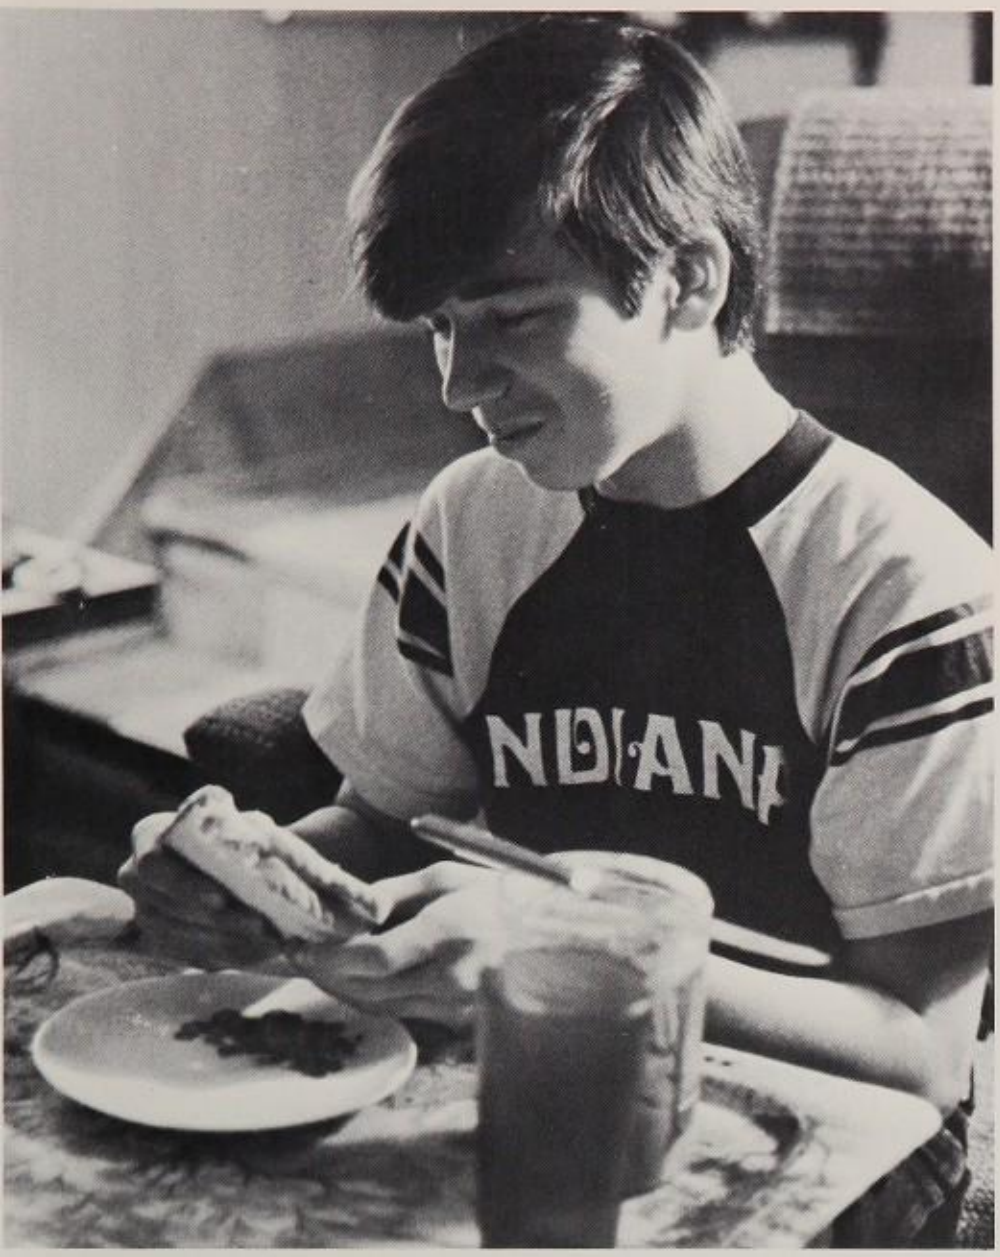
Kathy Burden, a spirited frosh.

SPIRIT WEEK

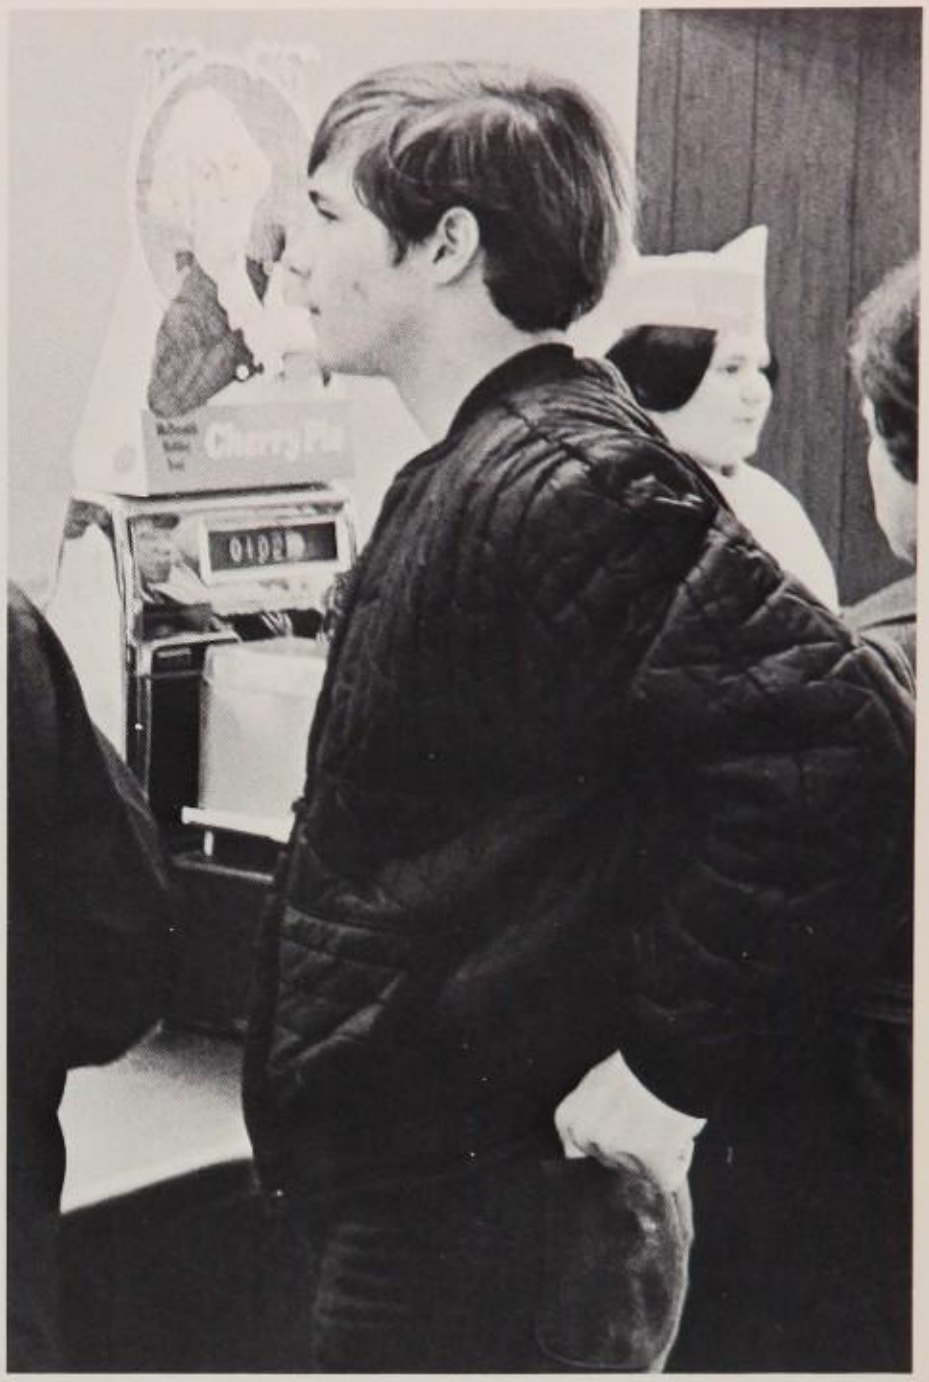
Seniors show their spirit by . . hanging an Indian?

Before the sectionals, many students participated in Spirit Week. Classes earned money to "buy" halls, then decorated after school. Here are some of the sophs who helped their class win first place.

ALONG WITH LIFE'S RESPONSIBILITIES



Open lunch gives Tim Albert a chance to enjoy a good home cooked meal, right Tim?



Many students, like Steve Buczolich, enjoy the opportunity to "escape" from school for lunch.

It looks like the cafeteria is more than just a place to eat.

Sue McCann and Beth Morrow are all smiles about the less crowded lunchroom conditions.

This year, a new open lunch policy, first proposed and discussed at the student government luncheons last year, was adopted at Riley. This privelege has helped to remove some of the crowded cafeteria conditions and added new responsibilities which the students have accepted successfully.

LEARNING HOW TO REALLY LIVE,

It sometimes seems that religion is a thing of the past. However, many Riley students find that churches and synagogues in the Riley area provide a needed place for them to worship. Each Wednesday morning, Young Life meets, where students of any faith can come to eat breakfast, sing, and enjoy each other's company. Meeting every Tuesday evening, students attending Campus Life discuss the relevance of the Bible today. Every two weeks, Jewish youth meet at Sinai Synagogue. Pictured below, left to right are: Patti Shanks and Kathy Burden; Debbie Gendel and Marsha Gentner; Students attending Young Life.

AND COPE WITH SITUATIONS . . .

Along with the studying and activities which are an important part of an individual student's life at school, he must also face the world, the community around him, and the problems of the student body as a whole. Here, some of the students express their views on a few of the issues prevalent during this school year. Some have affected many students this year, or will affect them in the near future.

THE WAR

The 1972 draft lottery presented a problem to some students. Although it didn't affect everyone directly, it caused many students to think about and question the United States position in Vietnam.

"There are so many people who go to fight in the war. They don't want war, but they must fight for peace. Can't peace be found an easier way than through the deaths of thousands of men?" Jeanie Nagy

"We should keep our troops there and fight until South Vietnam is free or safe from the Communists. We are just prolonging the war by withdrawing, and we should show our strength to the enemy, not just play around like we are now." Darrell Young

"The U.S. involvement in the war is a mistake. There is no way to pull out without leaving a bad mark on U.S. history." Debby Kelly

THE PRESIDENT

This year was also a presidential election year. As a result, some students were able to use their newly acquired privileges, or at least think more seriously about the administration and the future of their country.

"Although I think he is trying, I don't think President Nixon has made any extraordinary changes. He is pulling men out of Vietnam, but not quickly enough. His economic policies seem to have achieved little or nothing. Nixon is extremely conscious of one thing: winning the next election!" John Major

"I think that the President has done a good job. When he came into office, there were a lot of problems and he has taken care of a lot of those. He has done a lot in trying to end the war, and is also interested in foreign affairs. I feel his trip to China did a lot of good." Kathy Burke

STUDENT INVOLVEMENT

Some students were affected this year when a constitutional amendment made it possible for eighteen year olds to vote in all elections.

"I feel closer to my country now that I will be able to vote and proud that representatives of the U.S. think we are adult enough to have a voice in the government." Linda Lako

"Eighteen year olds are definitely old enough to vote and I am overwhelmed with the opportunity to have my voice heard in the United States democracy." Jeff Knepper

The Indiana legislature passed a bill granting eighteen year olds all adult privileges; however, it was vetoed by Governor Whitcomb. Students were asked if they felt that the Governor should have enacted the bill.

"I think it should have been passed because some eighteen year olds I know are more mature than some adults." Cindy Belecg

"I believe it should have been passed. The eighteen year old is able to vote and fight for his country and drink in some places. I feel Governor Whitcomb's refusal to see the changes of the structure of our society is proof of Indiana's cultural inertia." (name not given)

Besides being involved in governmental issues, students were also concerned about the problem of student government. Since a student council is no longer used, an administrative faculty committee, along with class luncheon-discussions, was set up to listen to student proposals for additions or changes in the system. It seemed that many students failed to take full advantage of this system, were not aware of the process involved, or just didn't care. Many others felt a lack of student representation. Some proposals were made through homerooms concerning activities such as cheerleading. One proposal, drawn up by seniors, Brenda Nelson and Bruce Morrow, was not fully worked out, but was a start in getting students involved in the administrative faculty committee.

IT'S ALL A PART OF GROWING UP.

Debbie Geraghty's job as a cashier at Cira's Grocery Store requires her to count out the customer's change accurately.

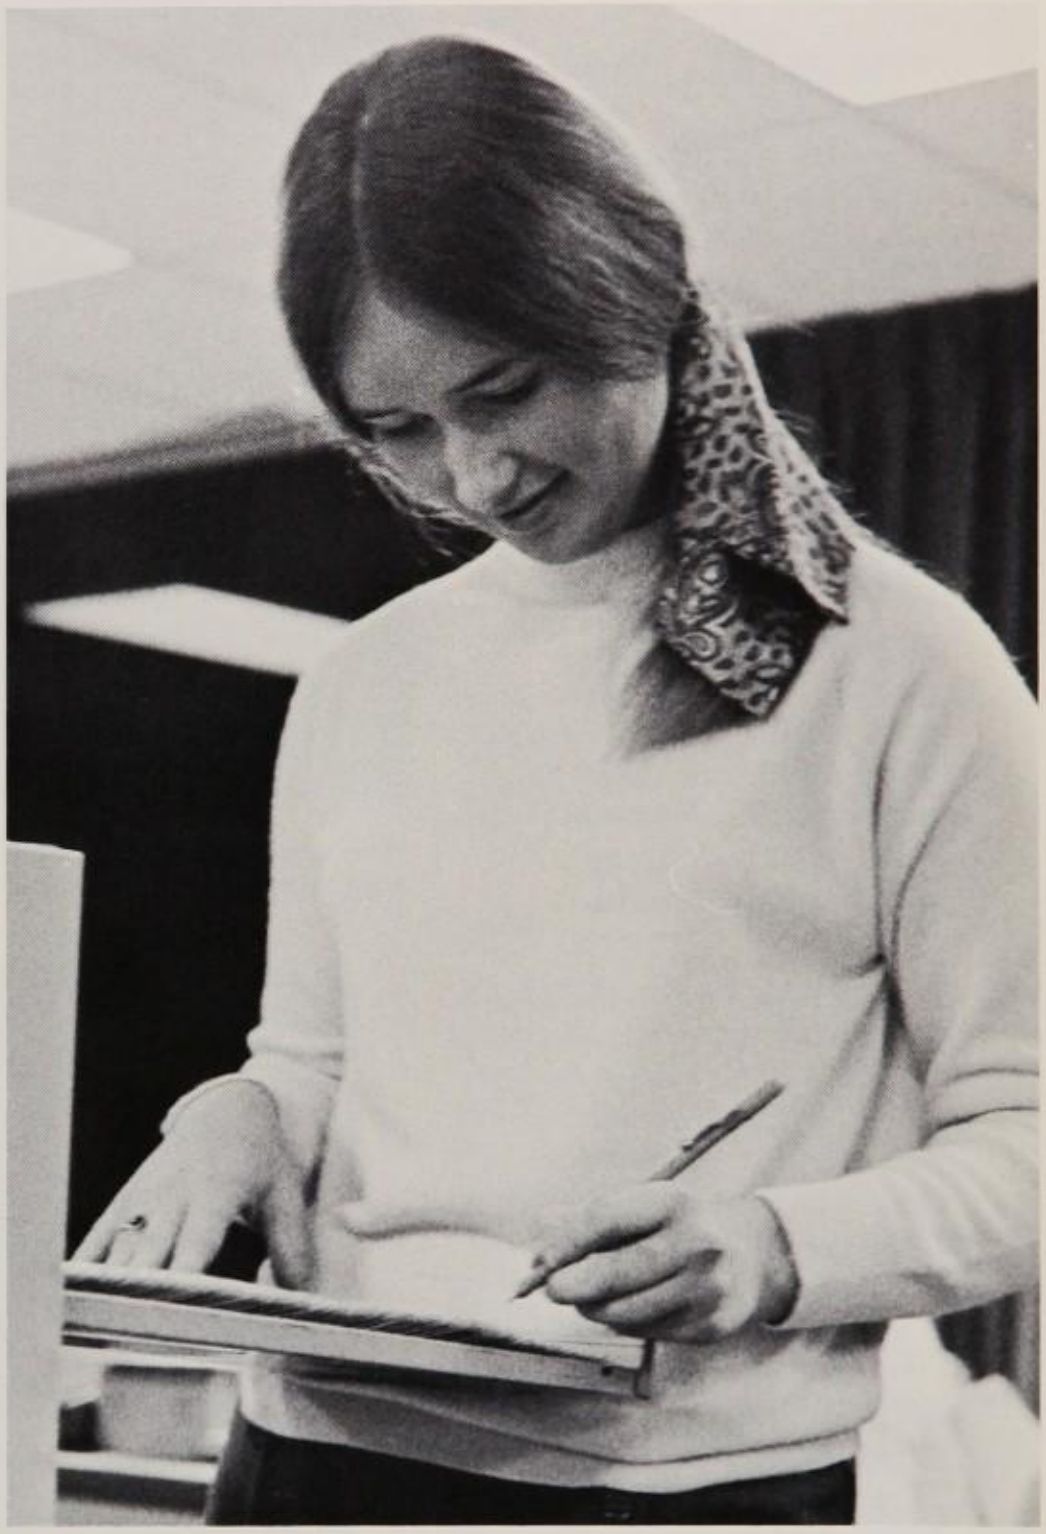
Terry Young, Riley's star window washer, offers service with a smile at the service station where he works part time.

Melody Robinson (LEFT), and Molly Duff enjoy their work at the Virginia Tutt Library.

SOMETIMES LIVING IS HARD WORK,

During the Christmas Holidays, Dawn LeCount, along with many others, was hired by a local store to help with increased sales.

Watch out for Joe Sulok or you may end up with a price on your head!



Although few people see Diane Nyari on the job, her help in office work is very important in running a business.

An important part of a student's life is applying the knowledge and skills learned in the classroom to everyday living. Jobs provide the opportunity to put this knowledge to use, and at the same time to acquire new insight apart from school routines. These are just a few of the many Riley students who work. The jobs vary from dental assistants and nurses aids, to telephone operators and auto mechanics. Working experience pays off, not only in extra money, but, in many cases, helps students to decide on future careers.

BUT IT'S ALL WORTH IT

THE OLD LADY SHOWS HER MEDALS

"The Old Lady Shows Her Medals," a one act musical about a lonely old woman and an orphaned soldier who find companionship with each other, was presented by the music and drama departments April 27 and 28. Although they were only five performers, they worked hard from the last week in March until performance time to make it a success. Mr. James Lewis Casaday produced and directed the musical; Mr. Rocco Germano directed the music.

This scene from the musical touched the audience as Susan Monsma, portraying Mrs. Dowey, says a last farewell to her adopted son, portrayed by Mark Boyer.

The whole Kraus family seems to be getting into the act. Here, Sir David Little Boy, portrayed by John Kraus, Ruth's brother, helps her plot to get rid of the trumpeter.

Along with the musical presented on the 27th and 28th of April, Mr. Casady's drama class presented the play, "THE KING'S GREAT AUNT SITS ON THE FLOOR," written by Stewart Walker. The plot involved the King's great aunt, played by Ruth Kraus, trying to get into the title of the play and get rid of the annoying trumpeter, played by Karen Woodfork.

In October, under the direction of Mr. James Lewis Casaday, the Drama Club presented another successful play. Captured here are only a few moments of the hours of rehearsal and the weeks of work behind the scenes that produced costumes and props.

Sue McCann doesn't seem to approve of Bob Nevel's emotional plea.

OF WHAT HE HAS LEARNED

GLEE CLUB, ORCHESTRA, AND BAND CONCERTS

Riley's Glee Club, Orchestra, and Band all had active schedules this year. The Glee Club, directed by Rocco Germano, presented fall, Christmas, and spring concerts. In the fall concert, the band, directed by Louis Habegger and the orchestra, directed by Robert Hemphill combined their talents to perform a variety of selections in the Indiana University auditorium. All three groups spent many hours rehearsing for the program which proved to be a great success.

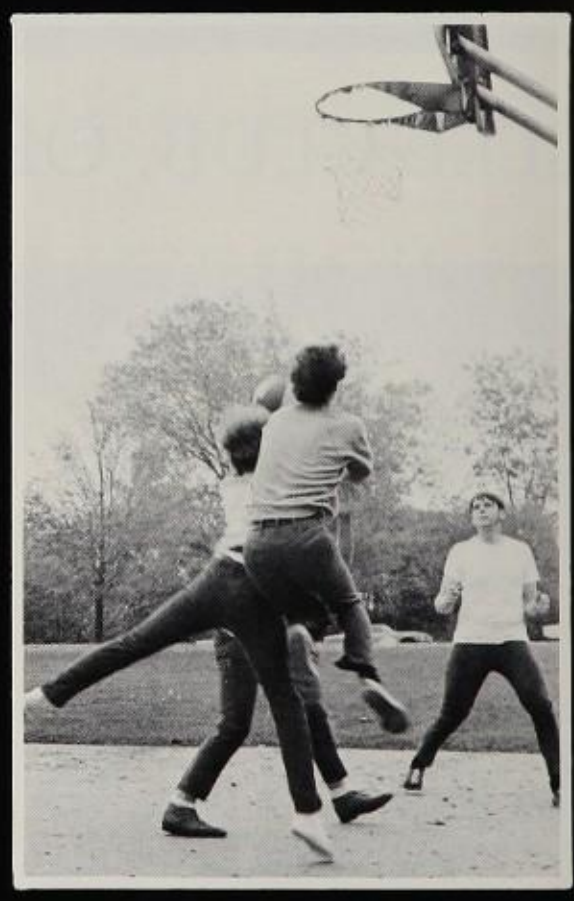
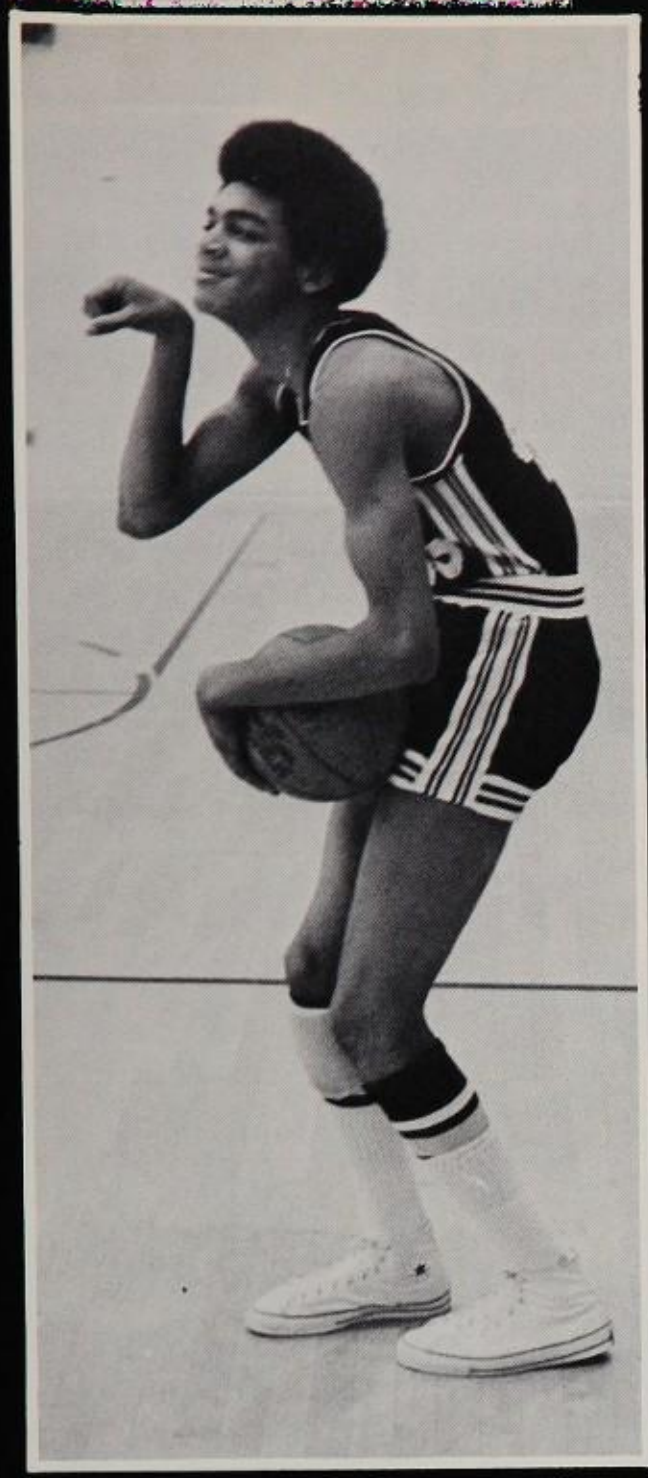
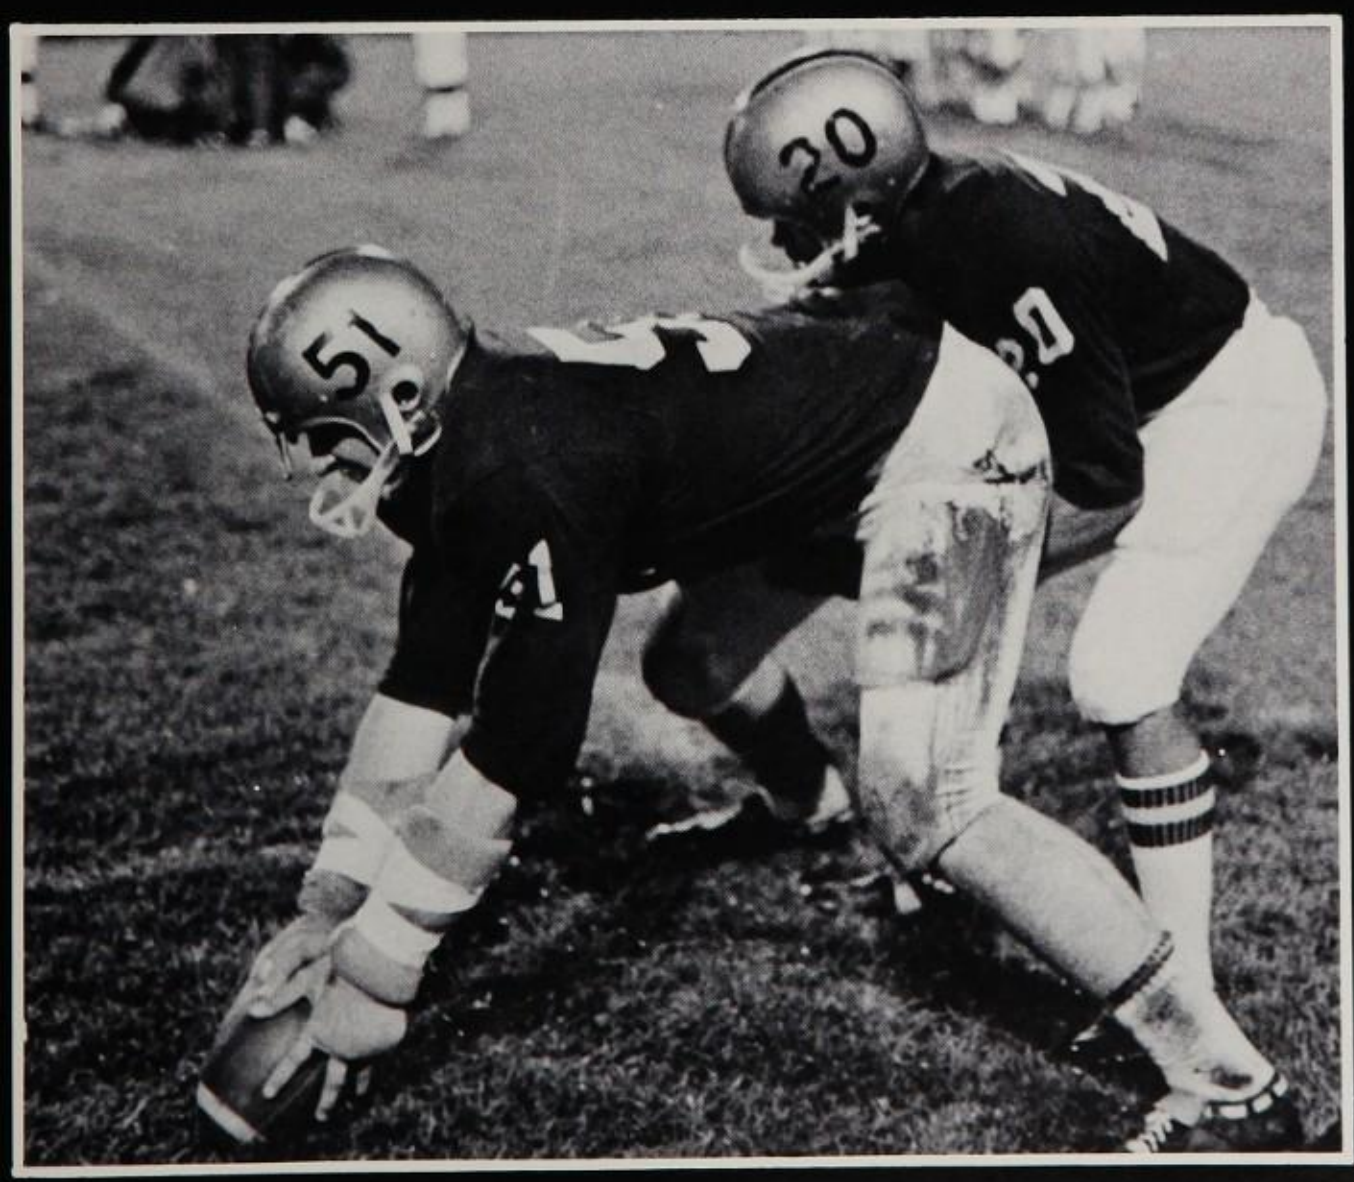
. . . AND LIVED!





SPORTS



The setting of a great hope is like the setting of the sun. The brightness of our life is gone. Shadows of a feeling draw around us, and the world seems itself but a dim reflection, itself but a broader shadow. We look forward into the coming lonely night. The soul withdraws into itself. The stars arise, and the night is holy.

H. W. Longfellow

The managers, student trainer, and team physician, although not in uniform or taking part themselves, play an important role in the success of a team. To have an outstanding season these men must contribute their full abilities in order to benefit the cause both on and off the field.

MANAGERS: LEFT TO RIGHT: Jim Swiental; Dave McGinnis; Chip Hinkle, Student Trainer; and Ray Lewandowski.

TEAM PHYSICIAN: J.O. Hildebrand, M.D. is assisted by Student Trainer Chip Hinkle.

Due to a mid-season head injury, a special white helmet for added protection was employed by quarterback Kevin Whippo.

The athletic teams of Riley wear varying styles of uniforms and different means of protection corresponding with the degree of physical contact involved. With football, probably the most brutal sport, protection is a desired necessity which includes a helmet, shoulder, knee, hip, and sometimes elbow pad. In tennis, cross country, and volleyball, there is very little chance of injury beyond a pulled muscle or a twisted ankle. Therefore, a much freer uniform for more manueverability is needed.

Here Gail Kajzer models the latest hairstyle for the volleyball courts.

Fall Sports

Combined with new talent was the consistent play of the veterans such as Kenny Palmer, Mark Szerencse, Frank Goldsberry, and Kevin Whippo--to mention a few.

In this fall portion of the sports year, many things happened to leave an impression on people's minds. Crowds at all Riley spectacles always marvel at the talents displayed by the athletes participating for the Wildcats. These people, along with many others who have tried to carry the banner of fine Riley athletics and good sportsmanship, ought to be congratulated for an effort well done. This fall of the 1971-1972 school year's sport's competition has molded a place in the hearts and minds of many Wildcat fans and will long be remembered.

Some new talent in Riley football appeared with such people as Gary Ellis, Mike Haws, Rodney Hubbard, Jack Manges, Bill Lyons, and Eric Carleton.

Rick Kasmierzak, Joe Farkas, and Jay Clark, seniors in their last year of play, match rackets one last time.

The spirit desplayed by the female faction brought new pride to their team and school.

The Cross Country team displayed a 100% effort to win, in spite of fewer members than ever turning out for this strenuous sport.

Two Great Men Of

WILDCAT ATHLETICS

Jim Whitmer, Head Football Coach of the Riley Wildcats for the past fifteen years, announced his retirement on Thursday, February 10, 1972. In his fifteen years at Riley, Coach Whitmer has compiled a record of 63 victories, 70 defeats, and seven games ending in deadlock scores. Not only did Mr. Whitmer hold the position of head coach of Riley's football clubs, but during his high school days he participated in both football and basketball as a Wildcat athlete. Bob Jones, city athletic director, said, "It is unfortunate in these times to lose a man of this stature from the coaching profession. He is a top caliber coach and gentleman. His teams were always tough, well-coached and never taken for granted." Coach Whitmer said this was one of the most difficult decisions he has ever had to make but he is still staying on at Riley to devote time to the health department.

John G. Goldsberry died on January 23 at the age of 45. Mr. Goldsberry, a former outstanding athlete, attended both Adams and I. U. where he achieved the position of football captain. While a player, he was elected to two all conference teams and was also a state champion shotputter. After graduating in 1949 from I. U., he played in the Coaches' All-Star Game and then played two years with the Chicago Cardinals of the National Football League. Mr. Goldsberry was an insurance agent for 22 years. He is survived by his wife Barbara and three children who have all attended Riley. His youngest son, Frank, now a senior, was the one to accept the first annual John Goldsberry Memorial trophy to be presented in honor of his father each year to the winner of the Riley vs. Adams basketball game. A sports enthusiast and fine gentleman, Mr. Goldsberry, past president of the Riley Adult Boosters' Club, will long be remembered.

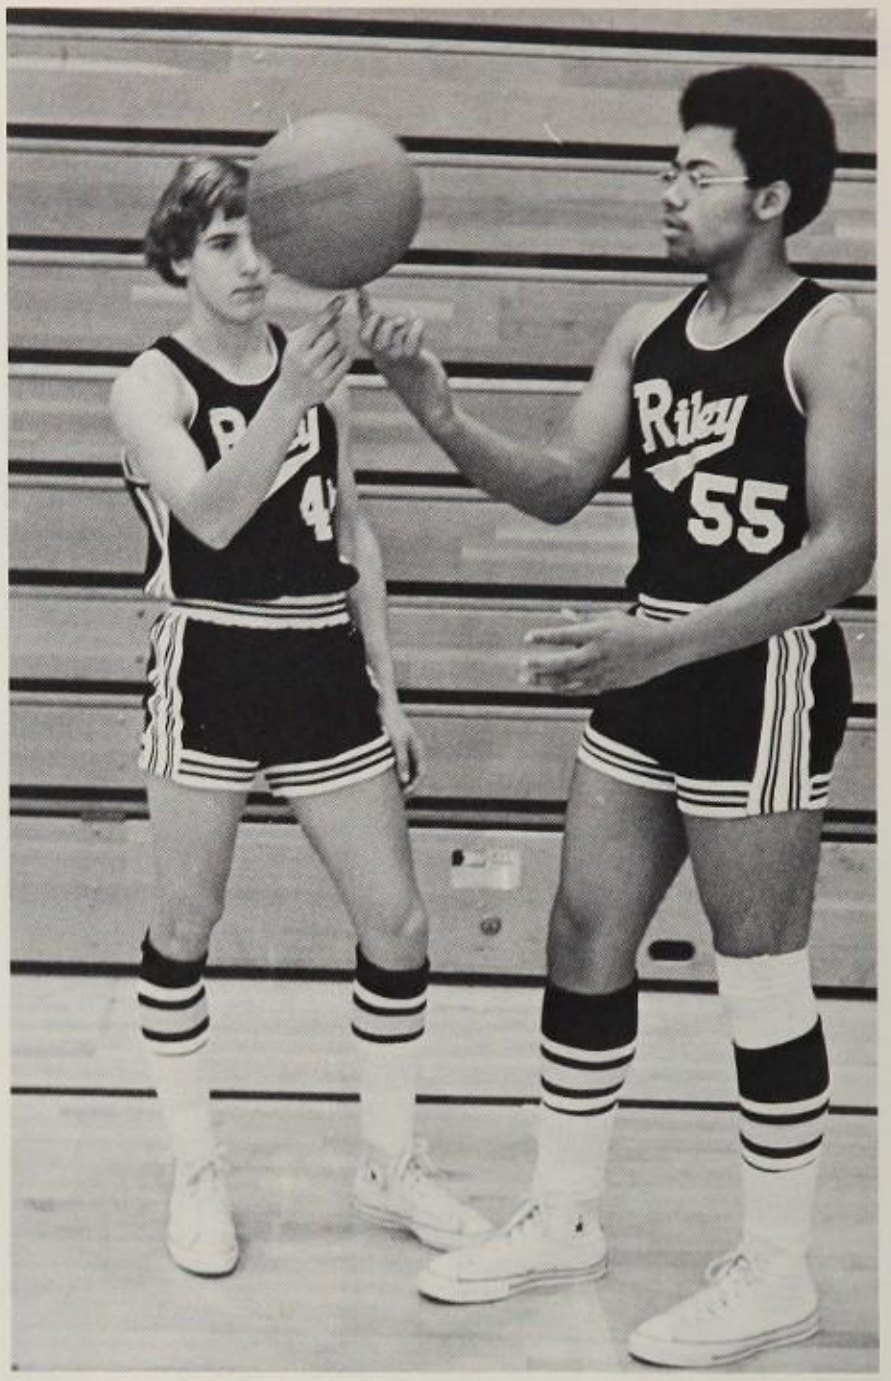
Mike Shine On All-Star Team. Jim Swintal Shines On As Team Manager



Mike Shine, shown at right demonstrating some basketball wizardry with Bob Arthur, was elected this winter to the Northern Indiana Conference All-Star Team. Mike, a senior forward on the Wildcat basketball team, was also chosen the team's Most Valuable Player and co-captain along with Frank Goldsberry. Mike has been a star member of the varsity for two years and during his sophomore year doubled as a varsity and B-team player.

And

Jim Swintal looks confident of another Cat victory as he watches in anticipation. As Sophomore manager for the Football, Basketball, and Baseball teams, Jim is one of Riley's number one fans. He puts much time and effort into these sports. He must attend all events as well as take care of the equipment. The athletes find him very helpful.

Hard Work Brings Fringe Benefits For Two Riley Grapplers

Marion (Junior) Turner, left, and Tom Ginter, below, were chosen co-winners of the Most Valuable Wrestler award for the 1971-72 season. Junior Turner enroute to his third place finish in the State Championship tournament, posted a 21-3 record. Winning the third place spot in the Regional tourney enabled Tom Ginter to end his season with a 19-3 mark. Junior, a junior this year, participated in his last year as a Riley athlete due to an age eligibility rule and Tom is a graduate of the class of '72.

The backbone of the Wildcat Track Team shown with coach Mondovics are the tri-captains: Kenny West, Frank Goldsberry, and Norm Barnes.

Doug Bagarus, Riley's top pole vaulter, demonstrates his technique of holding the pole in an attempt to clear the bar.

The gun sounds and they're off in the 100 yard dash.

Norm Barns, third from the left, breaks the wire, signifying an individual victory and adding points to the team effort.

Throwing the shot-put takes an extreme amount of effort, as demonstrated by the expression on Butchie Stewart's face.

Frank Goldsberry, an outstanding athlete at Riley, this year took first place in the high hurdles at the Goshen Relays.

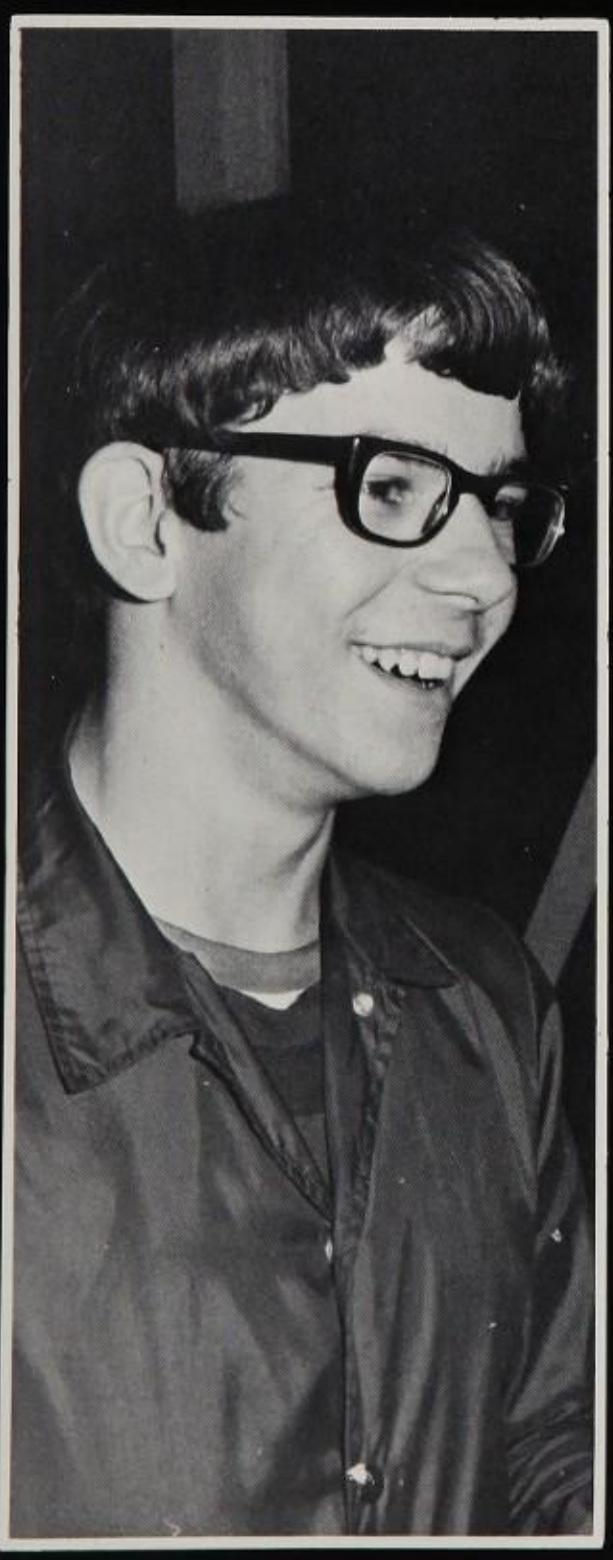
PEOPLE



"You are a child of the universe. No less than the trees and the stars you have a right to be here. And whether or not it is clear to you, no doubt the universe is unfolding as it should."

BE PROUD OF YOURSELF

Mr. Howard Crouse, in his tenth year as Riley principal, finds sports a relaxing change from school business. He and his wife attend nearly every Riley sports event, and weather permitting, Mr. Crouse golfs and fishes as well. He feels that these leisure-time pursuits help him to give his best to his work with students and teachers. When he is able to, he likes to spend time with his daughter, a Riley graduate now teaching school herself.

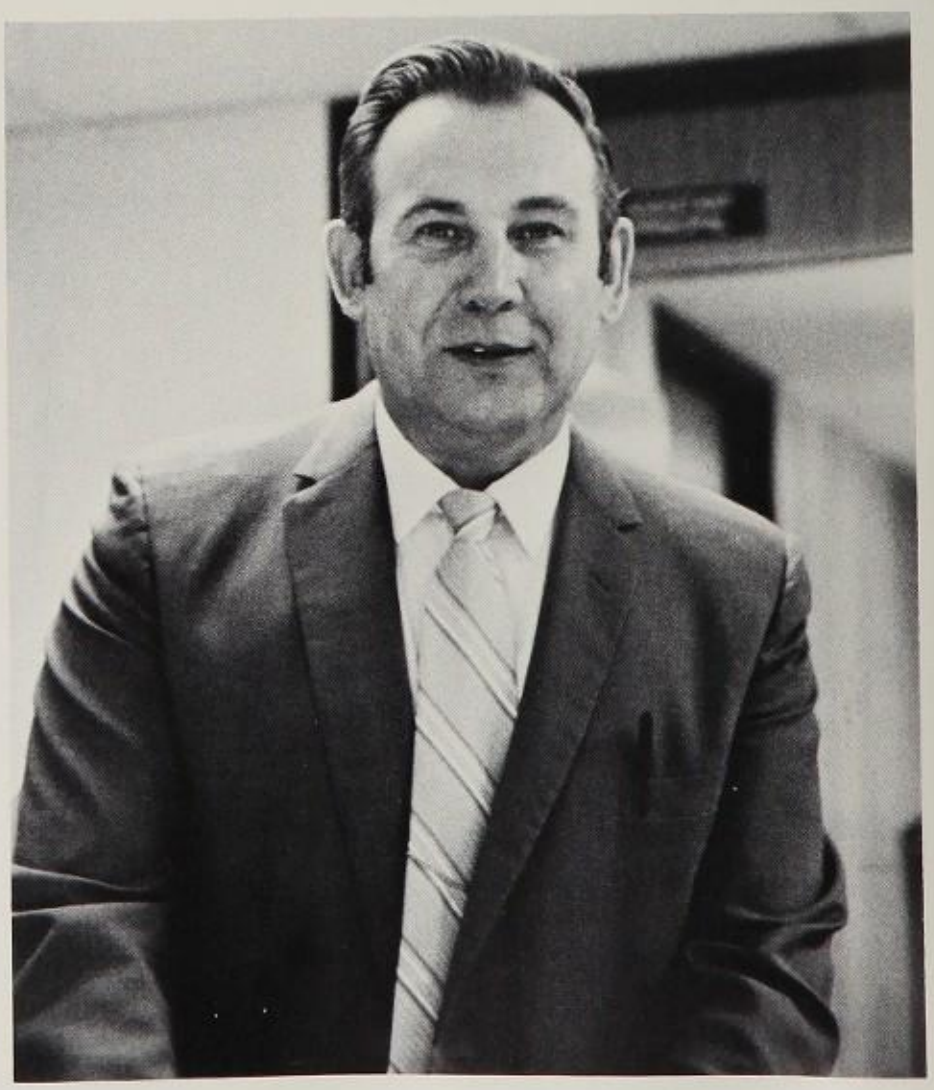
Mr. Crouse doesn't give much "advice" to people, preferring that they work out solutions to problems themselves insofar as they are able, but he does offer a philosophical suggestion that he believes contains a source of strength for those who follow it. "Be proud of yourself. That is what is most important," he says. And let that pride extend to your school, your classmates, your teachers, and your way of life, he might add, for Mr. Crouse's pride in and affection for Riley is evident in all he does, even during tough times.

HOWARD CROUSE, PRINCIPAL

LOOK FOR THE POSITIVE

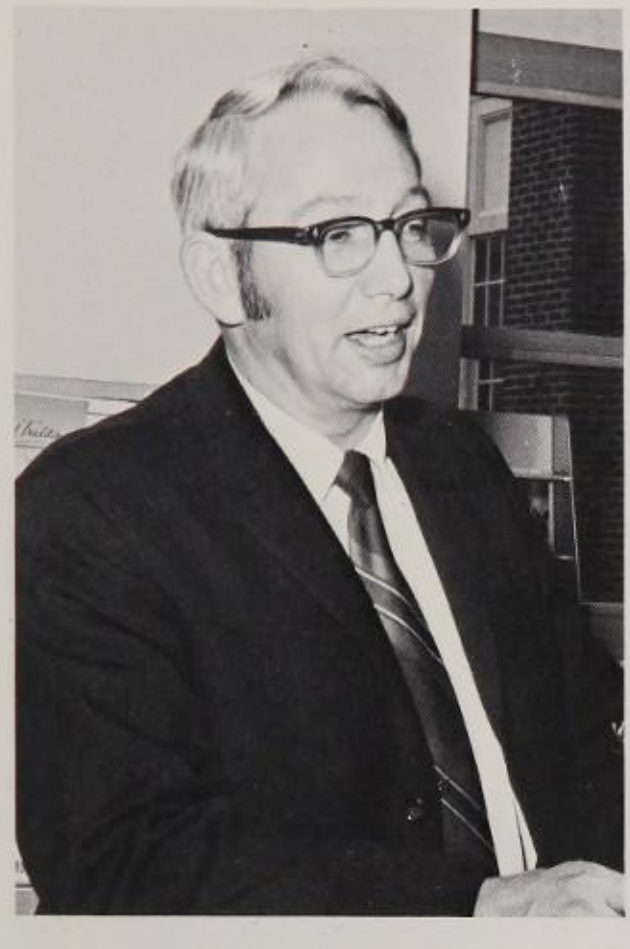
Mr. Joseph Lawecki, Riley assistant principal, is also a sports fan, following both high school and college teams. His most time-consuming hobby, though, is far removed from the playing fields. Mr. Lawecki raises dwarf fruit trees, presently including 123 varieties of apple trees, 33 varieties of grapes, and numerous other varieties of fruits. His orchard is his favorite relaxation place.

Viewing the changing face of high school life, Mr. Lawecki, father of four himself, advises all students to "try to put up with all aspects of school. Look always at the positive in every situation." His job, putting him in contact with students' problems daily from before 8 until well after 3:15, could sour a less optimistic man, but Mr. Lawecki follows his own advice and "... Looks for the positive."



JOSEPH LAWECKI, ASSISTANT

HAVE A PROBLEM?



Clockwise from left:

JOANN HAMMOND, head counselor, has many responsibilities. She coordinates all counseling activities and, during the month before school starts while the rest of us are still on vacation, she is on duty with students' programs to adjust.

DARE NESTLERODE is ready with his usual quick solution to the problems his counselees bring to him.

MARGARET CASSIDY, in charge of pep and guidance assemblies, has a full counseling schedule, but is always ready with a smile.

ROBERT ALLISON keeps his eye on the world around Riley as he counsels his students.

Is our way of life really that funny, Rainer?

Rainer with his American family, Mr. and Mrs. Morrow, Beth, and Bruce.

A NEW PART OF RILEY

These books are just a portion of the heavy load Katarina carries while adjusting to a new school and country

During the 1971-72 school year, Riley was pleased to be the host school of two foreign exchange students, Ranier Zitzloff, from Hamburg, Germany, and Katarina Aukerland from Sweden. Because of unfortunate circumstances, Katarina was unable to complete the school year at Riley.

Horse-back riding, bike riding and playing tennis are just a few of Rainer's many hobbies. He feels that he has learned much about the American way of life, which he enjoys, and the importance of the family.

Both Katarina and Rainer came to the United States on the Youth For Understanding program. This is the first year that Riley has ever participated in this program, which has a goal of developing understanding among people through a family living experience.

YOUTH FOR UNDERSTANDING

The Senior class officers worked hard to make the year a successful one. They are from left to right: Allen Rogers, Class Sponsor; Lianne Nelson, Secretary; Susi Ferrel, Treasurer; Bob Nevel, Vice-President; Bruce Morrow, President; and Jenny Cozzi, Social Chairman.

Doug-
I'm not sure how to express
the wonderful memories - thanks to you, I'm so glad that you didn't
drive up on me, because I really needed your understanding, patience and
strength to set me straight. You're also so much, and some days
I find a deserving enough way to thank you for all this
happiness. You're a good man, Doug Bagwell - stick to your plans for life, they should
be most important to you now. I really wish you success with myself - a long,
happy life and much love. Thanks you for loving me.
